NO. 115.

VOLUME 6.

## WOMEN'S MEET ENDS

CLUB CONVENTION CLOSED WITH AFTERNOON SESSION YESTERDAY.

## MANY HEARD LECTURES

Sixty-Six Delegates Registered—Prominent Speaker Toasts "the Men"—Visitors Given Motor Ride.

Mrs. Henry N. Ess of Kansas City, one of the most prominent women in the state, and one known far and wide for her part in bringing about many of the reforms credited to the Athenaeum club of Kansas City, and for her active part in the suffrage movement, gave the principal address of the closing session of the district convention of the Missouri Federation of Women's Clubs yesterday afternoon.

Three years ago Mrs. Ess spoke before the Twentieth Century club, and as a speaker she was known to most of the club women of the city, before her appearance at this time. Mrs. Ess is chairman of the state endowment fund committee.

The state plan is very much like that followed by the national endowment fund. The object in establishing such a fund is to enable each department to do better work and to have a certain amount of money to do this work separately from the regular club funds. This fund is to be placed in the hands of the state president, state treasurer and a board of trustees for expenditure.

Miss Marie Goodman of Kansas City gave a splendid talk on "The Duties and Privileges of a Delegate." Miss Goodman is vice president at large of the state federation and a very prominent worker in the Athenaeum club of her home city. She was one of the most interesting women at the convention and had a number of splendid ideas for the coming year's work, which were given a quick and hearty approval by the convention.

In closing the program, Mrs. W. R. Chivvis, state president, conducted a round table talk on "How Can We Make Our Next Biennial Program Most Helpful."

In this each delegate told of the things which she thought would be practical and bring the best result.

The convention closed at 4 o'clock. The date of the 1916 meeting and the place will be left with the executive board for decision and will be announced at a later date.

Following the adjournment, the visitors were taken for an auto ride over the city, and dinner was served last night in the parlors of the First Christian church.

The most of the delegates left last night for their homes. A number who had friends in the city stayed for a longer visit.

The following is the list of delegates attending:

Bethany—Mrs. L. Stubbs and Mrs. W. E. Alexander.  
Brookridge—Mrs. H. A. Housel.  
Chillicothe—Miss Catha Wells, Mrs. W. B. Hewitt, Mrs. Clyde A. Stewart, Mrs. J. A. Hawley, Mrs. A. T. Kirtley, Mrs. W. H. Sipple, Mrs. Fred H. Haines, Mrs. J. M. Dunn, Mrs. J. O. Buren, Mrs. Miles Elliott.

Jamesport—Mrs. S. E. Arnold, Mrs. Charles Arnold, Mrs. J. L. McCue.

Tarkio—Mrs. Henry Hurst, Mrs. W. B. Giffin, Mrs. George Stevenson, Mrs. A. B. Roberts, Mrs. W. C. Collins, Savannah—Mrs. Walter Wells, Stanberry—Miss Mabel Ward, Hopkins—Mrs. R. G. Ringgold.

St. Joseph—Mrs. Fred Clark, Mrs. E. G. Brown, Mrs. Frank Hill, Mrs. Art. C. V. Larmer, Mrs. J. S. Stewart, Mrs. A. E. Rush, Mrs. C. K. Soper, Mrs. P. H. Lawson, Mrs. W. L. Ford.

The delegates representing the Maryville federation were: Mrs. George H. Colbert, Mrs. Vada Halley, Mrs. M. G. Tate, Mrs. J. D. Richey, Mrs. Omer Catterson, Mrs. Henry Foster, Mrs. A. F. Harvey, Mrs. C. B. Roberts, Mrs. Walter Mutz.

"Let's toast the men, who made all this rich and beautiful and joyous occasion possible," said Mrs. Ess in a

delightful little after-luncheon talk yesterday noon. Then she went on to say "some good man with a good heart and a keen brain and willing hands has made it possible for us to get together in this convention, and we must not forget that for one moment. We must live better, do better, make ourselves fit to go along by the side of the greatest man who ever lived and make our mutual world the better for such a gathering as this."

And the applause just here was loud and long.

The convention which closed yesterday afternoon was one of the best things for Maryville which has been held in the city for some time. Because of the fact that the state board met in executive session at the same time as the district meet, it brought women from all over the state, they saw our town, were entertained in our homes and hotels, became acquainted with us and enjoyed every minute of their stay.

There were sixty-six women in the crowd. They will return to the four corners of the state and tell what they thought of us. Every one in the crowd was a splendid talker.

Can't you all see the roses nodding Maryville way?

Mrs. George Still of Kirksville remained over until today and spent the time visiting relatives. She was the guest of a luncheon given at noon by Mr. and Mrs. W. C. Frank, and spent last night visiting Senator and Mrs. Anderson Craig.

Mrs. P. D. Peet of Kansas City was on the afternoon program yesterday for a short talk on the state endowment fund, following up the talk of Mrs. Ess with some splendid insights that were appreciated by the convention. Mrs. Peet speaks with a charming simplicity that carries weight with every sentence.

Mrs. Lou Stubbs and Mrs. W. E. Alexander, delegates from the Bethany women's clubs, were old friends of Mr. and Mrs. W. C. Van Cleve, and were entertained during their stay here at the Van Cleve home.

Mrs. E. L. Crowson and Mrs. Walter Johnson, members of the Mothers' Circle of Pickering, were at the meetings yesterday and enjoyed the programs very much. The Mother's Circle was organized in 1910 and has done a very progressive work. It is not yet federated, but the members expect to do so later.

Mrs. Julia Johnson, one of the Kansas City women and a member of the state board, was always the center of an interested group who were listening to every sentence spoken by her. Both she and Mrs. Ess are charter members of the Athenaeum club of Kansas City. This club was organized in 1896. Now the meetings are held in their magnificent \$50,000 clubhouse, and the scope of work is practically unlimited.

The members of the state board attending were:

Mrs. W. R. Chivvis, St. Louis, state president; Mrs. F. H. Littlefield, St. Louis; Mrs. Henry N. Ess, Mrs. Julia Thomas, Mrs. P. D. Peet, Miss Marie Goodman, Kansas City; Mrs. E. M. Platt, St. Joseph; Mrs. George Still, Kirksville; Mrs. Rora Ingles, Columbia; Mrs. Ada Elliott, Chillicothe; Mrs. Gilbert Fox, St. Louis; Mrs. F. P. Sneed, Sedalia; Mrs. Robert Motley, Bowling Green; Mrs. Harry Blair, Carthage; Mrs. Clarence Baxter, Kirksville; Mrs. Richard Taafee, Carthage; Mrs. George Slayter, Joplin; Mrs. Clara B. Graham, Charlestown; Mrs. Charles V. Green, Columbia; Miss Pearl Mitchell, Roachport; Mrs. Elizabeth Frazer, Hannibal; Mrs. Eugenia Rutherford, Moberly; Mrs. Herman Kuellmer, Clinton; Mrs. George Dean, Rolla; Mrs. E. Boyd Miller, Aurora; Mrs. H. L. King, St. Louis, and Mrs. A. A. Hincbe, Cape Girardeau.

Sheriff Ed Wallace returned today from Jefferson City, where he took John Funderberg to the penitentiary. Funderberg will serve a term of three years there.

Mr. and Mrs. John Keefe and Mrs. Myrtle Reece spent the day yesterday visiting friends in St. Joseph.

## LOCAL FIRM BUYS

NODAWAY BONDS AWARDED TO GILLAM-JACKSON L. AND T. CO.

## EIGHT OTHER BIDS MADE

Successful Offer Was 5 Per Cent Par and Accrued Interest, With Option and \$5 Premium.

The Gillam-Jackson Loan and Trust company bought the bonds of Nodaway township yesterday afternoon over eight other bidders. Their bid on the seventy bonds of \$500 each, which the court considered best, was 5 per cent par with accrued interest, with option and a premium of \$5.

The company also made another bid of 4½ per cent par with accrued interest and with option less \$927.70. The county court reserved the right in advertising the sale to select the bid they considered most advisable. Bidders were permitted to make a bid without or with option or to make two bids, one of each kind.

The Farmers Trust company of Maryville made two bids. They were 5½ per cent with option and a premium of \$485.10 and 5 per cent without option at a \$28 premium, each with accrued interest. Other bidders and their bids were:

W. R. Compton, St. Louis, 5 less \$143 without option; 5½ without option, premium \$843.22; 5 with option, less \$318.50; 5½ without option, premium \$559.45, all with accrued interest.  
Whittaker & Co., St. Louis, 4½ with option, premium \$132.05; no option, premium \$355.

Mercantile Trust company, St. Louis, 5 par and accrued interest without option, premium \$308.70; 4½ par with or without option, less \$906.50; 5 and accrued interest with option and a premium of \$48.65.

Mississippi Valley Trust company, St. Louis, 5 and accrued interest without option, premium \$242.65.

G. H. Walker & Co., St. Louis, 5½ without option, accrued interest, premium \$705; 5½ without option, accrued interest, premium \$181.

W. W. Halsey & Co., Chicago, 5½ par, premium \$465; 5 par less \$149; 4½ par less \$847, all with accrued interest and with option.

Well Ross & Co., Cincinnati, 6 par and accrued interest without option, premium \$1,210.50.

F. L. Fuller & Co., Cleveland, 6 par and accrued interest, no premium.  
The successful bidder has until November 15 for delivery, and time may be extended thirty days on good reason being given to the county court.

## NEXT VACATION IN NEW JERSEY.

President Accepts Invitation to Use McCall Mansion, Near Long Branch.

Special to The Democrat-Forum.  
Washington, Oct. 15.—President Wilson has accepted the invitation of New Jersey Democrats to spend his vacation next summer in his own state.

The home of John McCall, near Long Branch, will be the summer White House.

## WILL PAY SOME POLICIES.

Companies Will Pay None Taken Out by Peltzer Last Year.

Special to The Democrat-Forum.  
Kansas City, Oct. 15.—All the insurance companies holding the large policies on the life of Theodor Peltzer announce that they will pay all except those taken out in the last year, when the evidence is that he was planning to kill himself.

This leaves \$175,000 subject to protest.

## MISSOURI CONSUL RESIGNS.

Arnold Shanklin Takes Place With Oil Company in Mexico City.

Special to The Democrat-Forum.  
Washington, Oct. 15.—Arnold Shanklin of Missouri, consul general in Mexico City for the last six years, has resigned from the state department here. He will take a position with the Waters-Pierce Oil company in Mexico City.

Promised Never to Drink Again.  
Amil Kime appeared before Judge U. S. Wright this morning in police court, charged with drunkenness. He pleaded guilty and was fined but \$1 and costs upon his promise to the mayor never to take another drink of whisky.

Mr. Kime, who is but 21 years old, received a fine lecture from the judge.

## CLIP THIS BAND PROGRAM

Prof. T. B. Maulding Urges It as Substitute for Printed Ones—Tickets to Contributors Distributed.

Prof. T. B. Maulding, leader of the Fourth Regiment band, announces that if any who subscribed to the concerts for the year have not received their tickets yet they may be secured by notifying him.

He also desires that readers who intend to go to the concerts shall cut out the following program, which will be given next Sunday afternoon at 3:30 o'clock. This will save having programs printed, which is an added expense to the organization which it does not feel like incurring.

March, "Triumph of True Tones," Holmes.

Grand selection, "Bohemian Girl," Balfe.

One-step, "Sprinkle Me With Kisses," Bail.

A reverie, "On Wings of Love," Bendix.

Trombone solo, "The Holy City," Laurendeau—Lloyd Miles.

Grand sacred potpourri, "Morning Light," Barnhouse.

Vocal duet, "The Little Gray Home in the West," Lohr—Misses Besse Scott and Amy Clark.

One-step, "I Want to Go to Tokio," Fischer.

Special to The Democrat-Forum.

London, Oct. 15.—The British government received a formal notification from Greece that King Constantine's government would not declare war on Bulgaria.

Greece states her intention of remaining neutral and not intervening in the war at all. The reason given for disregarding the treaty with Serbia is that the war is not a Balkan struggle and that Serbia made war on Bulgaria first.

Austrians Advancing on Servia.

Vienna, Oct. 15.—It is announced that the Austrian army continues its advance into Servia. Forts southeast of Belgrade are being shelled which are defending the railways. The Servians are retreating toward the Avila mountain.

Russian Fleet to Varna.

Geneva, Oct. 15.—A Russian fleet bombarded Varna, Bulgaria, yesterday. It is reported that four German submarines which were in the harbor there escaped.

Walsh Heads K. C. Post

Chairman of Federal Industrial Committee Takes Sole Charge of Policy of Paper.

Special to The Democrat-Forum.  
Kansas City, Oct. 15.—Frank Walsh, lawyer and chairman of the federal industrial relations committee, took complete charge of the editorial and business policy of the Kansas City Post here this morning. Mr. Walsh was acting as attorney for the owners.

The action is of much interest from the fact that Mr. Walsh was for years the personal attorney of W. R. Nelson, the late owner of the Kansas City Star, and of that paper. The Post has always been very bitter in its attitude toward the Star, while the latter has never even mentioned the Post in its columns.

Mr. Walsh announced that he would be sole director, but no statement as to the new policy of the paper was made.

E. B. SHELDON UNIMPROVED.

Is Lying Critically Ill at His Home, on West Second Street.

The condition of E. B. Sheldon, who is very ill, suffering with a complication of diseases, is very serious.

Mr. Sheldon passed an unusually bad night last night, and today is in a weakened and precarious condition.

## PICK GOSPEL TEAMS

MEN'S CLUB OF BAPTIST CHURCH READY FOR EVANGELISM.

## CHANGE IN ORGANIZATION

Two Groups of Five Speakers and Five Personal Workers Replaces Five Squads of Last Year.

A complete reorganization in the methods and personnel of the gospel team work of the Baptist church was adopted at a special meeting of the Men's club last night. Two teams of five men each will replace the five teams of five men each of last year.

Each team will have five personal workers, which will make a force of ten men at each service. The men were selected by the committee with reference to their ability on the platform and in approaching men. The committee which made the recommendation was G. B. Holmes, Dr. H. S. Rowlett, Clyde Avitt, Rev. Lewis M. Hale and D. E. McDonald.

The teams are: W. M. Westbrook, captain; David Paris, Lewis White, L. T. Yowell, Dr. H. S. Rowlett. Personal workers with this team, John Kelley, G. B. Holmes, Herman Hull, B. F. Mozingo, Henderson Aley.

Second team, Ray Davis, captain; Clyde Avitt, D. E. McDonald, Ed Brewer, B. W. Lemon. Personal workers, William Everhart, Charles Hyslop, Ed Tew, Clyde Bliss and C. L. Gann.

The committee which will have charge of the attendance at the regular monthly meetings and banquets is: Clyde Avitt, chairman; B. W. Lemon, Ed Brewer, Charles Ross and C. L. Gann. The sale of the tickets and the lookout work for members is also a part of the work of these men.

Dr. Karl R. Malotte is again president of the club for next year. The following are the other officers: Vice president, Ed Brewer; secretary, C. L. Gann; treasurer, I. E. Tew.

Negotiations are in progress for giving single meetings and services of a week at several country churches. Nothing definite enough to be announced has been done yet.

## BLACHLEY ADJUDGED INSANE

Taken to St. Joseph This Morning—Complaint Was Made to County Court by Arthur Warner.

W. B. Blachley was taken to St. Joseph this morning by Deputy Sheriff Callahan to be entered in state hospital for the insane No. 2. Mr. Blachley was adjudged insane by the county court yesterday afternoon.

Complaint was made by Arthur Warner, son-in-law of Mr. Blachley.

Drs. F. M. and C. V. Martin advised the court that the man's mind was unbalanced. His insanity was not violent but took the form of thinking that some one was trying to kill him.

## BLEW LAST BUGLE CALL.

N. Sisson of Maryville Sounded the Last Hostile Call of the Great Civil War, It is Said.

The following is from a recent issue of the Washington Times:

Past Commander Nathaniel Sisson of Sedgewick post, No. 21, of Maryville, Mo., who served as bugler in Company A, Second West Virginia cavalry, and is now aid-de-camp on the staff of the Missouri department commander and special chief bugler for the department of Missouri, sounded the last hostile bugle call at Appomattox—the order to charge.

With his civil war bugle, he was one of the interesting figures in the parade yesterday. Mr. Sisson was chief bugler for Brigadier General Henry Capehart, commanding the second cavalry brigade in General Custer's division of the federal army.

He participated in the last engagement on the morning of April 9, 1865, at Appomattox, and after sounding the order to charge he was designated to sound the call to halt the charging column on receipt by General Custer of the flag of truce. He rode with General Capehart up Pennsylvania avenue in the historic grand review, May 24, 1865.

Fall Pasture vs. Hessian Fly.  
While fall pasture will not control the Hessian fly, it does help. If the wheat was sowed early and made a good growth it is almost sure to be infested. The flaxseeds are so far down that even the closest grazing will not reach them, but it does expose them to the winter weather.

W. R. Tilson, county treasurer, was in Barnard this morning.

## GERMANY AND U. S.—FRIENDS

Von Bernstorff Says All Differences Are Settled Except Amount of Indemnity.

Special to The Democrat-Forum.  
New York, Oct. 15.—Count Von Bernstorff announced this morning that the submarine issue between the United States and Germany was completely cleared up and that no further notes will be exchanged.

An arrangement satisfactory to the two countries has been reached, he said, and the most friendly relations now exist. The only thing left is the payment of the indemnities, which will be arranged next week.

## SUBMARINE VS. DESTROYER

British U-Boat Wins Brief Duel in Baltic and Sinks German Torpedo Boat.

Special to The Democrat-Forum.  
Copenhagen, Oct. 15.—A German torpedo boat destroyer was sunk by an English submarine in the Baltic Thursday before the ship could launch a torpedo.

The engagement was very brief. The submarine was violently shelled by the destroyer, but the larger craft was struck amidships and sank quickly, while the U-boat escaped undamaged.

The destroyer was guarding the entrance to the sound between Sweden and Denmark with a cruiser and two other destroyers.

## PRETTIER THAN HER PICTURES

Mrs. McAdoo at Kansas City Says All the Family Are Very Fond of President Wilson's Fiancee.

Special to The Democrat-Forum.  
Kansas City, Oct. 15.—Secretary and Mrs. William G. McAdoo and their party arrived in Kansas City this morning at 8 o'clock. After breakfast they insisted on walking uptown from the union station.

The secretary of the treasury spent a business morning at the Federal Reserve bank and with bankers. Mrs. McAdoo went for an automobile ride over the city.

The president's daughter told friends that Mrs. Galt was even more beautiful than her pictures indicated, and that all the Wilson family were very fond of her.

## ANTHRAX SERUM SUCCESS

Physicians Say Its Use On Human Being Combats Disease—Patient Died, However.

Special to The Democrat-Forum.  
New York, Oct. 15.—George Stackpole, an aged lawyer who was given an anti-anthrax serum treatment, died this morning. He was pronounced out of danger last night, but his heart, weakened by age and illness, could not stand the treatment.

All physicians and surgeons who saw the experiment believe that the condition of Mr. Stackpole proved that the anthrax serum can be used upon human beings to combat that disease. It is believed that the treatment last night was successful and that death was due to weak heart.

The serum has been used for several years against anthrax in animals, but this is one of the first instances of its use upon a human. Anthrax is a splenic fever.

## Returns to Denver.

Anthony Blatter, who has been visiting his parents, Mr. and Mrs. Theodore Blatter, left this morning for his home in Denver, Col.

Read Democrat-Forum want ads.

## ALL LONDON ANGRY

DEMANDS OF REPRISAL UPON GERMAN CITIES STRONG.

## PAPERS LEAD AGITATION

Mass Meetings Call On Government to Bombard Three Teutonic Towns For Every English.

Special to The Democrat-Forum.  
London, Oct. 15.—That the British cabinet is in greater difficulty than the public realizes over the agitation for a more vigorous policy to combat the Zeppelin raids was indicated today.

The absence of Attorney General Carson from the cabinet meeting today revived the rumors that he had resigned over friction as to the conduct of the war. Lord Milner's demand last night that the allies remove from the Dardanelles because they were already defeated caused a sensation. Today's reports show a continued offensive there, however.

London, Oct. 15.—A demand that the government make reprisals against Germany for the Zeppelin raids, one of which killed fifty-five non-combatants yesterday, is becoming very strong.

The cabinet is receiving thousands of letters daily. Prominent members of parliament and several of the papers are insisting that the English shall send ships to drop bombs upon defenseless German towns in order that they may know what it means.

A huge mass meeting last night passed a resolution demanding that three German towns be bombarded every time London is outraged. The papers are all bitter today in their attacks upon the government for not being able to ward off the invaders or to bring them down.

The total number of dead in London from air raids now totals 181 and the injured 449. The number of soldiers killed indicates that an arsenal was struck. The last raid was September 8, and, as was the case at that time, the recruiting stations were crowded today with men who desired to enlist.

## MASONIC DAY AT ELMO

New Hall is Dedicated Amid Large Gathering of Members From Maryville and the County.

Masons from all over Nodaway county are gathering in Elmo today for the dedication of the new Masonic temple. A big basket dinner started the exercises at 2 o'clock. J. E. Reece, district deputy, will be one of the honored guests. W. A. Blagg, G. P. Wright and Dan R. Baker are other Maryville men who will speak.

Among the Masons who went from this city today were: W. G. Sawyers, Fred Yeomans, J. E. Bailey, F. R. Marcell, Mayor U. S. Wright, F. L. Flynt, E. E. Williams and Walter Todd.

A banquet at 6 o'clock for all the lodge members, their families and the visiting lodge members and guests will be the feature of the evening's entertainment, and this will be followed by some impromptu speeches, and later there will be lodge work exemplified.

## Visiting at Pickering.

Mrs. P. J. Lahr went to Pickering today to visit her mother, Mrs. Rosa Harmon.

### Largest Circulation in Nodaway County

### Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

Secretary McAdoo of the United States treasury, is coming west to see the country where the money comes from.

Champ Clark, in discussing the idea of a pre-primary convention to recommend candidates very sensibly, says: "I have always been in favor of a primary and mine was the first congressional district in Missouri to nominate a candidate in that way. There is, however, much complaint about the way it works, not in Missouri alone, but in other states, notably Massachusetts. But it is the only lawful manner of nominating in Missouri. Whether the proposed pre-primary convention would help matters remains to be seen. If all the candidates would agree to abide by the decision of the convention all might be well, but if all do not agree the game is not worth the candle."

### THE GRAND PRIZE FOR STUPIDITY

From the St. Louis Republic.

If a grand prize were offered for the stupidest political proposal ever made to the "eternal gullible," it would go, without fail, to the Republican leader who is chiefly responsible for the campaign to induce men to "vote for prosperity" by voting for a protective tariff.

The only thing a protective tariff can do is to keep foreign products out of the United States. This is what these fanatics want to do. And our bankers and financiers are just now at their wits' end to devise means to keep prices up and business normal in the United States, in view of the fact that while the foreign demand for American products is greater than ever, foreign surplus production has so far fallen off on account of the war that the foreigner has nothing to send us in return, and is compelled either to pay us out of his constantly decreasing hoard of cash, or get us to give him credit. That \$500,000,000 Anglo-French war loan which we have had so much trouble to raise is simply extending credit for \$500,000,000 to England and France, when, under normal circumstances, they would have sent up goods to that amount to pay for what we sent them. We are confronted with the most serious international trade crisis in our history, and it is a crisis arising solely out of the fact that the foreigner cannot furnish, and we cannot get, the amount of foreign goods necessary to normal and natural trade.

To propose to cure business disorganization which has arisen from such a cause by imposing a protective tariff and still further reducing the amount of foreign shipments to this country is like proposing to cure suffocation by a tight band around the throat.

Today, with American bankers, merchants, manufacturers and statesmen racking their brains to prevent irreparable harm to our commerce and industry through the collapse of values which threatens because our customers overseas haven't anything to trade us for what they want, a set of political leaders who propose to lead us "back to prosperity" by making it still harder for foreign goods to be sent to us to pay what the moneyless foreigner owes us ought to be examined for softening of the brain.

### Letter to Mr. James Kezin, Maryville, Mo.

Dear Sir: Here's something every painter and builder ought to know.

Mr. J. J. Hall, Sheffield, Pa., painted two houses, 5 years ago, lead-and-oil; took 40 gallons. Last year he painted Devoe; bought 40 gallons; had 10 left. He is one of thousands. The knowledge is getting about pretty generally that Devoe goes further than anything else.

Have you found it out in your own experience?

How much further? Suppose a job amounts to 10,000 square feet; how much less Devoe could you buy?

Is it as easy to paint? Does it cost any more or less to put on by the gallon than anything else? How much?

If it costs no more to put on Devoe by the gallon, it costs less by the foot, you know; for the gallon does more feet. How much less, do you find it, for wages?

Lasts, say, twice as long; that is the owner's gain; but perhaps you reckon it yours; some do. The time, when that comes in, is when he gives out the next job.

Who gets it? Yours truly,  
F. W. DEVOE & CO.,  
New York, Chicago and Kansas City.  
P. S.—Koch's Pharmacy sells our paint.

### HERRICK AGAINST RURAL CREDIT

Former Ohio Governor Attacks Law As Paternalistic.

Special to The Democrat-Forum.

Joliet, Ill., Oct. 15.—"Paternalism of a ranker sort than practiced by any European nation, except for lowest peasants, is now being proposed generally for American farmers," Ex-Governor Myron T. Herrick of Ohio, told the Illinois Bankers Association here this afternoon.

He said the rural credit movement had gone wild, correct principles in mortgaging have been ignored, cheap money, through government intervention and despite market conditions, has become the war cry of the farmer's friend and "unless bankers and business men awake, to action, the movement will inevitably be guided by Socialists directly into the hands of government."

### TREATMENT OF GRAY HAIR

Above All Things, It Should Never Be Dyed—May Easily Be Made Beautiful Adornment.

Don't dye gray hair. It is a never-ending, messy job to keep it touched up, for most hair grows about an inch a month; and worse, or best of all, the deception rarely deceives anyone. The lines that care and experience and thought have written into every mature face require the softening effect of the silver tones above it. Dyed hair has a hardening effect on some faces, and to others it gives an almost cruel look.

But once having accepted gray hair, make of it your greatest beauty. It must be kept spotlessly clean, washed often. Use only the best and purest liquid soap, as free from alkali as possible, and treat it as the laundress does her fine linen. Put it through many rinsings to get rid of every particle of soap, the last one being quite cool and deep blue with indigo. Let the hair rest in this for a few minutes, moving it about in the bath so as to absorb as much of the bluing as possible, and then dry it thoroughly with warm towels and vigorous rubbing. The bluing serves to soften the dulled, lifeless look which always results from washing gray hair and gives uniformity of shading. Streaked locks in gray hair are its worst feature, and especially is this true of blond gray hair.

Rub the scalp then with white vaseline, taking care not to let it get upon the hair, and brush it—brush it vigorously night and morning to give it the silvery gleaming that is so beautiful in well-kept gray hair.

### Frock for Girls.

For little girls there is no more popular or becoming style than the plaited tunic frock with smart little raglan sleeves, the flat skirts held to the figure at the waist by a fairly wide black patent belt, while practicability as well as a dainty finish has been studied in the adjustment of the white pique collar and cuffs, so disposed they can easily be removed for washing purposes.

### For Egg-Stained Silver.

Egg stains can be removed from silver by applying dry salt with a soft cloth.

### NEWS REPORTER KILLED

Militia Called Out to Stop Riots Over Election at Charleston, S. C., Today.

Special to The Democrat-Forum.

Charleston, S. C., Oct. 15.—Sidney Cohn, a newspaper reporter, is dead, W. Wilansky is fatally wounded and three others are seriously hurt as the result of trouble which arose over the mayoralty election Monday.

It is not known how the trouble started, but the claim was that thousands of votes were unlawfully counted. The shooting took place in the committee rooms of the Democratic party.

The fights which started at noon today became so fierce that the police were unable to cope with the situation and the militia were called out.

### PREPAREDNESS MEN MEET

Tri-Cities Host of Men Who Would Convince West of Need for Defense.

Special to The Democrat-Forum.

Davenport, Ia., Oct. 15.—Delegates from nine states—Iowa, Illinois, Missouri, Minnesota, Wisconsin, Kansas and North and South Dakota—gathered here today for the Mid-West Conference on Preparedness financed by the "tri-cities" of Davenport, Rock Island and Moline.

The special object of the two-day convention is to bring before the people of the Middle West, who are far from the danger of foreign invasion, the need of an adequate army and navy.

The promoters of the conference believe they can show the citizens of this section, which has had a record of reducing opponents of military measures, that the cause of national preparedness for defense is their cause as well as the cause of New England, the Middle Atlantic States and the Pacific coast.

The commercial organizations of Davenport, Rock Island, Moline, East Moline and Bettendorf have raised a fund from which all expense of members of congress attending the conference will be defrayed.

At Rock Island is the large government arsenal, covering 30 acres and representing an investment of \$12,000,000. The local speakers will show the importance of this inland arsenal, which could not be captured in the early days of a foreign invasion.

### Don Davis Home.

Don Davis has returned from a vacation trip spent at Sioux City, Ia., with his cousins, Mr. and Mrs. Fred Davis, and at Alford, Ia., with his brother, George Davis. With a party which included his brother, Mr. Davis motored from Alford to Minneapolis, where they met Mrs. George Davis, who was returning from a visit in Canada.

### USE "CASCARETS" FOR LIVER AND BOWELS WHEN CONSTIPATED

When Bilious, Headachy, Sick for Sour Stomach, Bad Breath, Bad Colds.

Get a 10-cent box.

Take a Cascaret tonight to cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, a bad cold, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.

### "WHY, ISN'T SHE GOOD?"

That's What You'll Be Saying at the Fern Next Week of Home Reel.

The chance to see your neighbor or your neighbor's daughter not only appearing but acting in a real moving picture drama will be given at the Fern the first three nights of next week, when "The Man at the Throttle" will be shown.

Miss Ethel M. Wells will be the "Mary Pickford" of the reel, supported by A. J. Luppold, W. Edison Blagg, Frank Schumacher, Miss Besse Scott and Miss Ola Smith. And they do say that the church wedding under the direction of Mrs. Will Wallis at the First Christian church will be worth seeing if there were nothing else in the film.

### Three Marriage Licenses.

William Akin and Miss Mary E. Searcy of Hopkins; William T. Moore of Clearmont, and Mrs. Leland Thornburg of Braddyville; W. Thomas Rainey and Miss Gladys Freeman of Clyde, were given marriage licenses today. Mr. Moore and Mrs. Thornburg were married by Probate Judge Conn in his office this morning.

#### BIGGEST SHIP'S KEEL LAID.

California Will Cost \$5,000,000 More  
Than Any Other.

Special to The Democrat-Forum.

New York, Oct. 15.—In the presence of Secretary of the Navy Josephus Daniels, and a big crowd, the keel of the California, the largest and mightiest battleship in the world and the first one to be driven by electricity, was laid here yesterday.

Secretary Daniels and other navy officials praised the American naval engineers who have made the electrically driven battleship possible. This system has been equipped after a notable showing by the collier Jupiter, the first large ship to be so equipped.

The California will cost \$5,000,000 more than any other battleship ever built anywhere, and will take three years to complete.

#### Moving to Kirksville.

## FUELLESS ENGINE QUEST ENDS AT 93

Called by Death After Working on It Seventy Years.

TAKES SECRET TO GRAVE.

Before Dying Would Be Inventor of Minneapolis Destroyed All Charts or Mechanical Contrivances He Had Made In Search For Perpetual Motion Machine.

Minneapolis, Minn.—When John Laney, ninety-three years old, was laid to rest in Crystal Lake cemetery a seventy year quest for the secret of "perpetual motion" came to a fruitless end.

So close did he think himself to the secret at times that he trembled with expectancy. For seventy years, despite his disappointments, his mind aflame with ambition, Laney worked, thinking, experimenting.

Meanwhile this man, a Scotchman by birth and a stonemason by trade, whose only relaxation was reading the works of Bacon, Shakespeare, Coleridge and Wordsworth, smashed and destroyed contrivance after contrivance when it failed. Then with intensified energy he concentrated on a new idea.

"It almost worked." These three words tell the life story of a man gifted in some ways beyond his fellow men. John Laney wanted his name to go down in history, but always when he fancied he was at the very edge of accomplishment it was only to find the something missing in a contrivance that "almost worked."

"When I was just a little girl father used to have the kitchen table cleared for him when supper was over," said Mrs. Lizzie Welton, at whose home the aged man spent his last days. "He had a groove in the table and a round stone ball that he made himself. He would roll this round and round, and often mother would have to get up late at night and beg him to stop and rest."

"Father had a good education, mostly self acquired. He loved the poets, and he wrote several songs, one for the St. George guards of St. George, New Brunswick, where we once lived. He was a sculptor also."

Outside the steps of the cosy cottage where Mrs. Welton lives are two pieces of granite. One has on it figures of Hiawatha and Minnehaha; the other has on it a bear and two cubs. Inside the house, highly treasured, is a chain five feet long, with many links and an anchor at the end, that was cut out with a jackknife from a solid piece of wood. Many small mementoes remain.

But before he died John Laney destroyed all charts or mechanical contrivances he had made in his search for perpetual motion. One day he said to his daughter:

"Perpetual motion will yet be found. There is no doubt of it. When it is found the world will be astonished not alone by the stupendous changes that it will bring in all industrial life, but by the simplicity of it. Millions will wonder why no one ever thought of it before."

"I am an old man," he would often say. "I saw the coming of the railroads, the telegraph, the automobile and the more wonderful things of later years. I predicted back in 1850 that the world would one day see the horseless wagon, and it is here. Ah, if I could only just get the one little missing link!"

#### "IT COULDN'T BE DONE."

Somebody said that it couldn't be done. But he, with a chuckle, replied. That "maybe it couldn't," but he would be one. Who wouldn't say so till he'd tried.

So he buckled right in, with a trace of a grin.

On his face. If he worried, he hid it. He started to sing as he tackled the thing.

That couldn't be done, and he did it.

Somebody scoffed: "Oh, you'll never do that."

At least no one ever has done it." But he took off his coat and he took off his hat.

And the first thing we knew he'd begun it.

With the lift of his chin, and a bit of a grin.

Without any doubting or quibbling; He started to sing as he tackled the thing.

That couldn't be done, and he did it. —Edward A. Guest.

#### Librarian Not to Attend.

Miss Grace Langan, librarian of the Maryville library, will not attend the meeting of the librarians of Missouri at Joplin, Webb City and Carthage next week. She expects to make a visit to St. Louis instead. This will be only the second state meeting which Miss Langan has been unable to attend since becoming librarian here.

#### Carthage Guest Leaves.

Mrs. Margaret Whedbee of Carthage, Mo., who has been visiting Mrs. John Bantz, left this morning for Clarinda, Ia., where she will spend a few weeks visiting before returning to her home.

## The KITCHEN CABINET

Not what we have done avails us. But what we do and are; We turn from the deed that is setting And turn to the rising star.

J. T. Trowbridge.

GINGER CAKES AND COOKIES.

Who is there who does not enjoy a square of fresh, spicy, soft gingerbread or a crisp, snappy cookie?

Hot Water Gingerbread.—This is a recipe which might be called "Never Fails," for it is the most satisfactory one of many different combinations tried.

Take a cupful of sugar, one cupful of dark molasses, a half cupful of shortening, melted; one egg, three cupfuls of flour, a tablespoonful of ginger, a teaspoonful of soda, dissolved in a cupful of boiling water added the last thing. Salt should be added if lard is used. Bake in a large dripping pan forty minutes in a moderate oven.

Sour Milk Gingerbread.—Take two eggs, a cupful of molasses, a half cupful of sugar, one cupful of sour milk or cream, two tablespoonfuls of melted butter, one-half cupful of currants, one teaspoonful of spices, one teaspoonful of ginger, half a teaspoonful of salt, and 2½ cupfuls of flour. Mix the soda and sour milk, add to the molasses, sift the remaining dry ingredients and combine mixtures; add the butter and beat vigorously. Bake 25 minutes in a moderate oven.

Molasses Layer Cake.—Take two cupfuls of flour, one cupful of molasses, half a cupful of sour milk, one teaspoonful of soda, dissolved in a tablespoonful of water; one-half teaspoonful of salt and two tablespoonfuls of butter. Bake in two layers and put together with chocolate filling.

Ginger Cookies.—Take two cupfuls of molasses, one teaspoonful of soda, three eggs, one cupful of lard, and a tablespoonful of ginger. Mix all the ingredients, adding the eggs last. Use enough flour to roll out very thin and bake in a hot oven.

Ginger Drop Cookies.—Take a cupful of sugar, two-thirds of a cupful of lard or shortening, mix well; add 1-1-3 cupfuls of molasses, one cupful of hot water and a teaspoonful of ginger and salt as needed; mix with four cupfuls of flour and drop from a teaspoon on buttered baking sheets. Add more flour or increase the heat if the cakes spread in baking.

## SOCIETY and CLUBLAND

By KATE SCHENCK  
PHONES—OFFICE 42 HOME 683

#### To Give Social.

The young women of St. Mary's Catholic church will give a social Tuesday night of next week in the church hall. Table games will furnish amusement for the evening and a supper will follow.

#### W. R. C. to Meet.

The regular meeting of the Women's Relief Corps will be held at 2:30 o'clock Saturday afternoon in their hall. A full attendance is desired as there is some important business to transact.

#### Meeting Postponed.

The Arts and Crafts department of the Twentieth Century club will postpone its meeting which was to have been held Monday until Monday afternoon, October 25. It will then be held at the home of Mrs. Westbrook, on West First street. The postponement is made because the materials to be used have not yet arrived.

#### Lawn Dinner.

A lawn dinner was given Sunday at the home of Mr. and Mrs. Guy D. Ale. Those in the party were Misses Lucile and Lois Wiley, Miss Helen Davis, Miss Mabel Patterson, Miss Maud Helpley, Miss Alta Doyle, Miss Lavisa Swinford, Robert Patterson, Walter Wilson, Arthur Wilson, Dean Partridge, Ralph Ale, Spencer Vulgamott, Ralph Wray, Sam and Virgil Vulgamott.

#### Birthday Party.

In honor of the eighteenth anniversary of their son, Ralph, Mr. and Mrs. George Ale, entertained a number of friends at their country home Saturday night. In entertaining their guests the hosts were assisted by Mrs. Guy Ale and Miss Sadie Ale. Those present were Misses Genie Ale, Gladys Owen, Marie Davenport, Alta Doyle, Agnes Bickett, Mabel Anderson, Sadie Ale and May Sheridan, Messrs. Virgil Vulgamott, Bernard Bickett, Ernest Lattin, Henderson Ale, Ralph Ale, Howard Anderson, Guy Lincoln, Mr. and Mrs. Guy Ale and Mr. and Mrs. George Ale.

#### Pound Party.

The Rev. R. C. Holliday, pastor of the Buchanan Street Methodist church and Mrs. Holliday, were the recipients of a jolly surprise last night which took the form of an old fashioned pound party attended by about forty members of the congregation. Each brought a pound of something fine to eat and the fullness of the Holliday larder will keep them remembering the night for some time to come. The evening was spent socially and those in the party were Mrs. M. E. Farrar, Mr. and Mrs. Raymond Barry, Mrs. J. C. Amerine, Mr. and Mrs. E. W. Heideman, Mrs. Wellington Dusenberry, Mr. and Mrs. M. A. Peery, Mr. and Mrs. J. H. Thorp, Mr. and Mrs. M. L. Hopper, Mr. and Mrs. E. E. Tilton, Mr. and Mrs. L. P. Colvin, Mr. and Mrs. J. S. Muntz, Mrs. J. W. Armstrong, A. T. Stinson, Mr. and Mrs. James Devore, Mrs. Clara Trewitt, Mrs. Calista Dawson, Miss Eva Dawson, Mr. and Mrs. Ed T. Dale, Miss Nina Evans, Mrs. J. McDonald, Mrs. John R. Evans, Mrs. Cora Fowler, Miss Ethel Hasty, Mrs. Frank Stone and Mrs. N. F. Humber.

#### Big Wolf Chase.

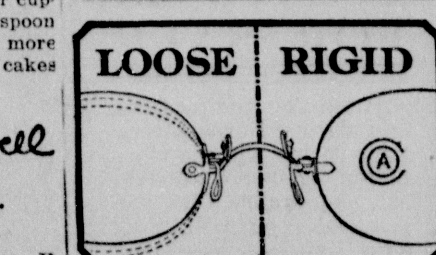

Merl Cox, John Bordner, Glen Jeffers and a sport from Maryville are planning for a big wolf chase soon. A wolf with seven young ones has been seen along the 102 north of the Iowa line, and the chase is made to capture

## Treat Children's Colds Externally

Don't dose delicate little stomachs with harmful internal medicines. Vick's "Vapo-Rub" Salve, applied externally, relieves by inhalation as a vapor and by absorption through the skin. Vick's can be used freely with perfect safety on the youngest member of the family. 25c, 50c, or \$1.00.

the mother and seven cubs. If all are caught it means \$160 to the captors as a bounty of \$20 is paid in Iowa for every wolf scalp. Some sixteen hounds will be entered in the chase.—Hopkins Journal.

#### KAISER LIKES SOCIALISTS.

Association Makes Him Think Them "Good Fellows."

Special to The Democrat-Forum. Berlin, Oct. 15.—A sensation is being caused by the book "At the Front in an Auto," published by the South-German Socialist Anton Fendrich. The author is the first Social Democrat who obtained an interview with the Kaiser and he shows the ruler in a new light.

It is the assertion of the author that the monarch has completely changed his views in regard to the Socialists and now considers them "splendid fellows" at least most of them.

#### More Praise for Caldwell Herd.

The following account of the winning of the Caldwell herd at the American Royal Live Stock show is in the current issue of Wallace's Farmer, which also carries a picture of Evereux of Harviestown, a large bull of Angus blood:

C. D. & E. F. Caldwell, Burlington Junction, Mo., won grand championship on their new imported bull, Evereux of Harviestown, a large bull of great quality. Their junior champion, Blackcap Bertram, had friends for grand championship, so outstanding are both of these bulls. The Caldwell aged cow, Pride Petite, again carried off grand championship.

#### King's Herald's Tomorrow.

The King's Herald band will meet at the First Methodist church tomorrow afternoon at 2:30 o'clock. Every member is asked to bring her mite box.

## Kindergarten Supplies

### CHILDREN'S CLUBS GROW

Agricultural Boys' and Girls' Societies  
Now Enroll 151,000 in Thirty-  
Three States.

### PARENTS GREATLY BENEFITED.

Special to The Democrat-Forum.

Washington, Oct. 15.—There has been an increase of more than 41,000 in the membership of the various boys' and girls' agricultural clubs conducted by the State Agricultural Colleges and the Department of Agriculture in the northern and western states. At the close of the fiscal year ending June 30, 1914, there were 110,977 members in the various club projects in the 33 states covered by this work. At the close of the present fiscal year, June 30, 1915, the membership was 151,194, exclusive of the enrollment in the mother-daughter canning clubs.

This work is being carried on co-operatively in 26 of the 33 states in the northern, central, and western territory by the Department of Agriculture and the extension departments

of the state colleges of agriculture. In practically every state short courses for boys and girls and special demonstration schools have been held at the colleges and in the field. During the past year 1,557 club members attended the mid-winter courses at the colleges, 868 of these having their expenses paid by local contributions as a recognition of their achievements in club work. Of the 38 club members who, as champions in their states, districts, or counties for 1914, have become recognized as National All-Star Club members, 31 are now attending high schools, agricultural, or other colleges, 3 of the remaining 7 have already graduated from high school, and 1 will go to an agricultural college this fall.

Experience has shown that the work in the boys' and girls' clubs can be carried on with even greater success without the aid of large cash prizes and awards. The net profits from the work itself have been found to be the best possible incentive. The members have their attention directed to problems of farm and home management, crop rotation, soil building, etc., and in practically every state in which the

work is being carried on a large number of club members are now working out three and four-year rotations of crops. The profits which they derive from club work they are spending on getting an education, or for purchase of pure bred stock and labor-saving machinery. Many are even buying land and thus acquiring an invaluable sense of dignity and independence.

In the canning work, 938 public demonstrations were held during the year, with a total attendance of 118,367. These demonstrations were held primarily for the club members, but parents were always invited and, as a matter of fact, more than half of those present were grown men and women. One of the great advantages of this club work, indeed, is the fact that it serves to stimulate the parents as well as the children.

### HOPKINS TO COME.

Will Be Represented at the Alice Nielsen Concert—Maryville Should Be Congratulated.

The Hopkins Journal of this week had the following:  
The Maryville Lyceum association has secured Alice Nielsen, the great prima donna, for the opening number, and the famous singer will appear there Tuesday night, October 26. Heretofore it has been necessary for music lovers in this county to go to St. Joseph or Kansas City in order to hear the great operatic stars, so Maryville, always up to snuff, has decided to bring the brightest of the stars into our own county, believing that the people will appreciate the step by turning out to hear Miss Nielsen, one of the greatest musical celebrities now appearing in public. Hopkins is interested in this number, and if the evening is nice this town will be well represented. We congratulate Maryville on bringing such an opportunity practically to our door. It is a big venture and the response on the part of the people of the county will decide whether similar ventures will be taken hereafter. Now is the time to show your colors.

Good high grade Illinois lump or egg coal, \$4.50 per ton. Wm. Everhart. 11-16\*

## DUROCS FOR SALE

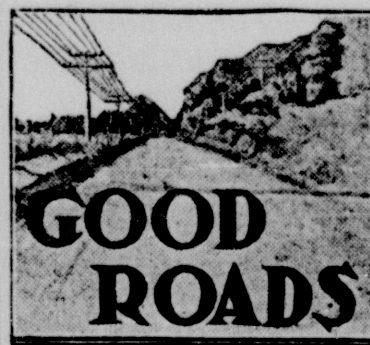

If you are looking for a full blooded Duroc-Jersey male spring pig, one with plenty of bone, stretch, size and quality, I have it yes, several of them. They are top notchers, big, smooth fellows with good hams and back, as thick at one end as the other.

### BREWERS TO REFORM BARS

President of Malt Liquor Men Says Public Resentment Against Saloon Merited.  
Special to The Democrat-Forum.  
Springfield, Mass., Oct. 15.—Over 600 delegates, representing 1,000 brewing plants, which produce over 75 per cent of the malt liquors in the United States, attended the fifty-fifth annual convention of the United States Brewers' Association, which met in open session at the Hotel Kimball here today.

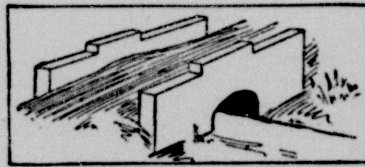

Unusual interest attached to the meeting of the brewers this year, owing to the wide-spread discussion of prohibition in this country and to the action of European government on the question of alcohol due to the war. In his address President Edward A. Schmidt declared that the Association had at last come to very definite conclusions in regard to the so-called saloon problem. He indicated that the brewers were in entire sympathy with the views held by many temperance advocates that the saloon, as it has existed in this country in the past, has frequently been the subject of just criticism and that radical reforms might be expected.

### CONCRETE CULVERT IS BEST

Flat-Top Style Being Built in Kansas Is Shown in Illustration—Good Roads Save Money.

Had we begun not more than fifteen years ago to build concrete culverts and bridges in this township, and continued at the rate we have been building them the last three years, we would now have no place to put another one. Besides our expenses would not have been much more than they have been in building the wooden ones, writes J. T. King, trustee of Lincoln township, Lebo, Kan., in Farmers' Mail and Breeze. We began with the full-arch style of concrete culverts. That was before we knew the good of the flat-top kind. We now use the full arch only where there are high banks on both sides, so we can grade up to the top of the arch and make the road level. For all other places we prefer the flat top. We build them from 2 by 16 feet, to 20 by 16 feet. All concrete work must be well reinforced with iron wire. We use any kind of bar iron in the tops, laid hit and miss lengthwise with the road. Heavy woven hog wire is laid crosswise of the top and in the wings, intermingled, so as to unite the whole culvert into one piece. The tops have

Flat-Top Style of Culvert an Approved Type.

a crowning of eight inches and are made 8 to 16 inches thick in the center, the thickness varying with the width. The forms are placed so the tops and abutments are all in one piece. The bars or rods must be shaped so as to be partly embedded in the abutment walls.

We have just finished four culverts 12 by 16 feet, made after the plan of the illustration, at a cost of \$150. This may seem to be quite a price, yet if they last as we expect them to, they will be cheap in the long run. We use a lot of iron, any length, in these tops. We get them cheap from junk dealers.

This good roads move is a money saver to the people. More has been done to improve our highways in the last five years than in any 15 years before.

### TEACH GOOD ROAD BUILDING

One Sentence in Discussion of Concrete Construction Worthy of Being Printed in Big Type.

(By E. B. HOUSE, Colorado Agricultural) In the engineering record of recent issue is an interesting article concerning a meeting for the purpose of instruction to road builders, by experts in that line of work.

Speaking of the meeting the Record comments as follows: "One sentence in the discussion of concrete road building would have been worth putting in black type. It is this: 'You cannot design a concrete pavement four miles long and assume that you can use the same cross-section throughout; you will have to design it the same as foundations for a building, depending on the bearing power of the soil, etc.'"

This is undoubtedly true, and yet it states a fact that is almost universally disregarded.

### YOU CAN'T FIND ANY DANDRUFF, AND HAIR STOPS COMING OUT

Save Your Hair. Make It Thick, Wavy, Glossy and Beautiful at Once.

Try as you will, after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A 25-cent bottle will double the beauty of your hair.

### CARING FOR THE RAM

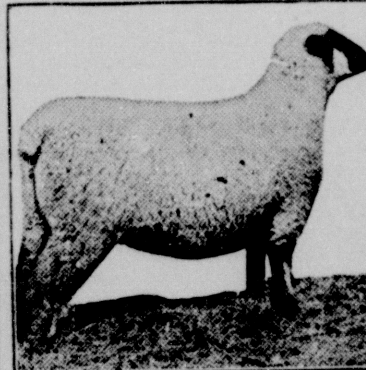

Head of Average Farm Flock Receives Little Attention.

Should Be Given Every Opportunity to Keep Strong and Healthy Before Breeding Season Begins—Give Abundance of Water.

Usually, the ram which heads the average farm flock receives very little care from the time he is turned out to pasture in the spring until the advent of the breeding season in the fall. Then, about the only thing which is done is to turn him in with the ewes and allow mating to occur at random. Perhaps this is the sort of care and management which results in many barren ewes and weak lambs.

The mating season is naturally one of severe strain on the ram and he should be given every possible opportunity to keep strong and healthy. This means that he ought to have the proper kind of care, even before the breeding season begins. Of course, if the pasture is plentiful, there is not any need of feeding anything else during the early part of the grazing season. However, as the hot weather comes and the grass becomes less abundant and less succulent, it may be advisable to feed other roughage or perhaps a little grain.

Especially during the month just preceding the mating season should the ram get the best of feed and care, for experience has shown that the ram

First Prize Winner Hampshire Ram.

which is gaining in condition at the opening of the breeding season will get more and stronger lambs than the ram which is in poor flesh. Oats is one of the best grains for use at this time.

In addition to providing plenty of pasture, and a small amount of grain during the late summer, the ram should have an abundance of water. The usual practice in pasturing the ram during the summer months is to place him in a small paddock or an orchard, where there is no natural water supply. Under such conditions it is necessary to supply water by artificial means. And when the water is supplied a little salt may be given once each week.

## Orchard Information

### CULTIVATION IN AN ORCHARD

Some Sort of Straw Mulch Will Act as Protection From Heaving Caused by Frost and Thaw.

(By R. B. HOWE, Colorado Experiment Station.)

There are two main reasons for cultivating—to make plant food available and to conserve moisture. In cultivating, the soil particles are broken up and the root hairs passing in among the small particles take up plant food from the soil water. The plant food goes into solution in the soil water as the rock and particles in the soil decompose. More often we cultivate to kill the weeds, but really to conserve moisture. After each rain the soil is packed down to some extent, and this crust, which forms upon the surface with the drying of the soil, will draw water from the subsoil to the surface by capillarity. When we cultivate this surface crust is broken up and the water does not as readily escape from the sub-surface to the air, and is held for use by the plant. The fruit crop requires a great deal of water to mature fruits of good size. In dry seasons the size of the summer fruits is liable to be small on account of the insufficient water supply. Where the fruit garden is a small plot of ground sufficient to supply the table with fruit it is difficult to take time to cultivate the strawberries and blackberries, and for this reason the use of some sort of a straw mulch will be best to help retain the moisture in the soil for the plants. The mulch is plowed under after the crop has been taken off and a new mulch applied in the fall after the ground is well frozen, when it will also act as a protection from the heaving caused by the frosts and thaws.

### HOW TO PREPARE BORDEAUX

A Few Suggestions in Regard to Its Proper Mixing—Formula Most in Use at Present Time.

As bordeaux is probably the most used fungicide at present, a few suggestions in regard to its proper mixing will not be out of place. The formula most in use at present is four pounds of copper sulphate (blue vitriol) four pounds of good lime and 50 gallons of water. The granulated form of copper sulphate should be used, and only well-burned lime which is not air slaked should be used. Be sure to use lime enough. If lime is poor or if there is any fear of bordeaux injury to the fruit add another pound of lime.

The lime and copper sulphate should be prepared in different receptacles, preferably half barrels. The copper sulphate should be held in a sack at the top of the half barrel and allowed to dissolve. Never put the copper sulphate in the bottom of the barrel. When slaking the lime add the water a little at a time so as not to kill the heat from the lime. When the slaking is completed and when the copper sulphate is all dissolved and both mixtures have been brought up to 25 gallons, they may be put together after a thorough mixing. Be sure to pour the copper sulphate into the lime, which has previously been put into a mixing barrel or the spray pump. Do not pour the lime into the copper sulphate, as the mixture obtained is not good bordeaux and will oftentimes do injury instead of being beneficial.

VOLUME 6.

MARYVILLE, MISSOURI. FRIDAY, OCT. 15, 1915.

NO. 115.

## WOMEN'S MEET ENDS

CLUB CONVENTION CLOSED WITH AFTERNOON SESSION YESTERDAY.

## MANY HEARD LECTURES

Sixty-Six Delegates Registered—Prominent Speaker Toasts "The Men"—Visitors Given Motor Ride.

Mrs. Henry N. Ess of Kansas City, one of the most prominent women in the state, and one known far and wide for her part in bringing about many of the reforms credited to the Athenaeum club of Kansas City, and for her active part in the suffrage movement, gave the principal address of the closing session of the district convention of the Missouri Federation of Women's Clubs yesterday afternoon.

Three years ago Mrs. Ess spoke before the Twentieth Century club, and as a speaker she was known to most of the club women of the city, before her appearance at this time. Mrs. Ess is chairman of the state endowment fund committee.

The state plan is very much like that followed by the national endowment fund. The object in establishing such a fund is to enable each department to do better work and to have a certain amount of money to do this work separately from the regular club funds. This fund is to be placed in the hands of the state president, state treasurer and a board of trustees for expenditure.

Miss Marie Goodman of Kansas City gave a splendid talk on "The Duties and Privileges of a Delegate." Miss Goodman is vice president at large of the state federation and a very prominent worker in the Athenaeum club of her home city. She was one of the most interesting women at the convention and had a number of splendid ideas for the coming year's work, which were given a quick and hearty approval by the convention.

In closing the program, Mrs. W. R. Chivvis, state president, conducted a round table talk on "How Can We Make Our Next Biennial Program Most Helpful?"

In this each delegate told of the things which she thought would be practical and bring the best result.

The convention closed at 4 o'clock. The date of the 1916 meeting and the place will be left with the executive board for decision and will be announced at a later date.

Following the adjournment, the visitors were taken for an auto ride over the city, and dinner was served last night in the parlors of the First Christian church.

The most of the delegates left last night for their homes. A number who had friends in the city stayed for a longer visit.

The following is the list of delegates attending:

Bethany—Mrs. L. Stubbs and Mrs. W. E. Alexander.  
Breckenridge—Mrs. H. A. Housel.  
Chillicothe—Miss Catha Wells, Mrs. W. B. Hewitt, Mrs. Clyde A. Stewart, Mrs. J. A. Hawley, Mrs. A. T. Kirtley, Mrs. W. H. Sipple, Mrs. Fred H. Haines, Mrs. J. M. Dunn, Mrs. J. O. Buren, Mrs. Miles Elliott.  
Jamesport—Mrs. S. E. Arnold, Mrs. Charles Arnold, Mrs. J. L. McCue.  
Tarkio—Mrs. Henry Hurst, Mrs. W. B. Giffin, Mrs. George Stevenson, Mrs. A. B. Roberts, Mrs. W. C. Collins.  
Savannah—Mrs. Walter Wells.  
Stanberry—Miss Mabel Ward.  
Hopkins—Mrs. R. G. Ringgold.  
St. Joseph—Mrs. Fred Clark, Mrs. E. G. Brown, Mrs. Frank Hill, Mrs. Artlip, Mrs. C. V. Larmer, Mrs. J. S. Stewart, Mrs. A. E. Rush, Mrs. C. K. Soper, Mrs. P. H. Lawson, Mrs. W. L. Ford.  
The delegates representing the Maryville federation were: Mrs. George H. Colbert, Mrs. Vada Halley, Mrs. M. G. Tate, Mrs. J. D. Richey, Mrs. Omer Catterson, Mrs. Henry Foster, Mrs. A. P. Harvey, Mrs. C. B. Roberts, Mrs. Walter Mutz.

"Let's toast the men, who made all this rich and beautiful and joyous occasion possible," said Mrs. Ess in a

delightful little after-luncheon talk yesterday noon. Then she went on to say "some good man with a good heart and a keen brain and willing hands has made it possible for us to get together in this convention, and we must not forget that for one moment. We must live better, do better, make ourselves fit to go along by the side of the greatest man who ever lived and make our mutual world the better for such a gathering as this."

And the applause just here was loud and long.

The convention which closed yesterday afternoon was one of the best things for Maryville which has been held in the city for some time. Because of the fact that the state board met in executive session at the same time as the district meet, it brought women from all over the state, they saw our town, were entertained in our homes and hotels, became acquainted with us and enjoyed every minute of their stay.

There were sixty-six women in the crowd. They will return to the four corners of the state and tell what they thought of us. Every one in the crowd was a splendid talker.

Can't you all see the roses nodding Maryville way?

Mrs. George Still of Kirksville remained over until today and spent the time visiting relatives. She was the guest of a luncheon given at noon by Mr. and Mrs. W. C. Frank, and spent last night visiting Senator and Mrs. Anderson Craig.

Mrs. P. D. Peet of Kansas City was on the afternoon program yesterday for a short talk on the state endowment fund, following up the talk of Mrs. Ess with some splendid side-lights that were appreciated by the convention. Mrs. Peet speaks with a charming simplicity that carries weight with every sentence.

Mrs. Lou Stubbs and Mrs. W. E. Alexander, delegates from the Bethany women's clubs, were old friends of Mr. and Mrs. W. C. Van Cleave, and were entertained during their stay here at the Van Cleave home.

Mrs. E. L. Crowson and Mrs. Walter Johnson, members of the Mothers' Circle of Pickering, were at the meetings yesterday and enjoyed the programs very much. The Mother's Circle was organized in 1910 and has done a very progressive work. It is not yet federated, but the members expect to do so later.

Mrs. Julia Johnson, one of the Kansas City women and a member of the state board, was always the center of an interested group who were listening to every sentence spoken by her. Both she and Mrs. Ess are charter members of the Athenaeum club of Kansas City. This club was organized in 1896. Now the meetings are held in their magnificent \$50,000 clubhouse, and the scope of work is practically unlimited.

The members of the state board attending were:

Mrs. W. R. Chivvis, St. Louis, state president; Mrs. F. H. Littlefield, St. Louis; Mrs. Henry N. Ess, Mrs. Julia Thomas, Mrs. P. D. Peet, Miss Marie Goodman, Kansas City; Mrs. E. M. Platt, St. Joseph; Mrs. George Still, Kirksville; Mrs. Rora Ingles, Columbia; Mrs. Ada Elliott, Chillicothe; Mrs. Gilbert Fox, St. Louis; Mrs. F. P. Sneed, Sedalia; Mrs. Robert Motley, Bowling Green; Mrs. Harry Blair, Carthage; Mrs. Clarence Baxter, Kirksville; Mrs. Richard Taafee, Carthage; Mrs. George Slayter, Joplin; Mrs. Clara B. Graham, Charlestown; Mrs. Charles V. Green, Columbia; Miss Pearl Mitchell, Roachport; Mrs. Elizabeth Frazer, Hannibal; Mrs. Eugenia Rutherford, Moberly; Mrs. Herman Kuellmer, Clinton; Mrs. George Dean, Rolla; Mrs. E. Boyd Miller, Aurora; Mrs. H. L. King, St. Louis, and Mrs. A. A. Hinche, Cape Girardeau.

Sheriff Ed Wallace returned today from Jefferson City, where he took John Funderberg to the penitentiary. Funderberg will serve a term of three years there.

Mr. and Mrs. John Keefe and Mrs. Myrtle Reece spent the day yesterday visiting friends in St. Joseph.

## LOCAL FIRM BUYS

NODAWAY BONDS AWARDED TO GILLAM-JACKSON L. AND T. CO.

## EIGHT OTHER BIDS MADE

Successful Offer Was 5 Per Cent Par and Accrued Interest, With Option and \$5 Premium.

The Gillam-Jackson Loan and Trust company bought the bonds of Nodaway township yesterday afternoon over eight other bidders. Their bid on the seventy bonds of \$500 each, which the court considered best, was 5 per cent par with accrued interest, with option and a premium of \$5.

The company also made another bid of 4 1/2 per cent par with accrued interest and with option less \$927.70. The county court reserved the right in advertising the sale to select the bid they considered most advisable. Bidders were permitted to make a bid without or with option or to make two bids, one of each kind.

The Farmers Trust company of Maryville made two bids. They were 5 1/2 per cent with option and a premium of \$485.10 and 5 per cent without option at a \$28 premium, each with accrued interest. Other bidders and their bids were:

W. R. Compton, St. Louis, 5 less \$143 without option; 5 1/2 without option, premium \$843.22; 5 with option, less \$318.50; 5 1/2 without option, premium \$559.45, all with accrued interest.

Whittaker & Co., St. Louis, 4 1/2 with option, premium \$132.05; no option, premium \$355.

Mercantile Trust company, St. Louis, 5 par and accrued interest without option, premium \$308.70; 4 1/2 par with or without option, less \$906.50; 5 and accrued interest with option and a premium of \$48.65.

Mississippi Valley Trust company, St. Louis, 5 and accrued interest without option, premium \$242.65.

G. H. Walker & Co., St. Louis, 5 1/2 without option, accrued interest, premium \$705; 5 1/2 with option, accrued interest, premium \$181.

W. W. Halsey & Co., Chicago, 5 1/2 par, premium \$465; 5 par less \$149; 4 1/2 par less \$847, all with accrued interest and with option.

Well Ross & Co., Cincinnati, 6 par and accrued interest without option, premium \$1,210.50.

F. L. Fuller & Co., Cleveland, 6 par and accrued interest, no premium.

The successful bidder has until November 15 for delivery, and time may be extended thirty days on good reason being given to the county court.

## NEXT VACATION IN NEW JERSEY.

President Accepts Invitation to Use McCall Mansion, Near Long Branch.

Washington, Oct. 15.—President Wilson has accepted the invitation of New Jersey Democrats to spend his vacation next summer in his own state.

The home of John McCall, near Long Branch, will be the summer White House.

## WILL PAY SOME POLICIES.

Companies Will Pay None Taken Out by Peltzer Last Year.

Special to The Democrat-Forum.  
Kansas City, Oct. 15.—All the insurance companies holding the large policies on the life of Theodor Peltzer announce that they will pay all except those taken out in the last year, when the evidence is that he was planning to kill himself.

This leaves \$175,000 subject to protest.

## MISSOURI CONSUL RESIGNS.

Arnold Shanklin Takes Place With Oil Company in Mexico City.

Special to The Democrat-Forum.  
Washington, Oct. 15.—Arnold Shanklin of Missouri, consul general in Mexico City for the last six years, has resigned from the state department here. He will take a position with the Waters-Pierce Oil company in Mexico City.

Promised Never to Drink Again.  
Amil Kime appeared before Judge U. S. Wright this morning in police court, charged with drunkenness. He pleaded guilty and was fined but \$1 and costs upon his promise to the mayor never to take another drink of whisky. Mr. Kime, who is but 21 years old, received a fine lecture from the judge.

## CLIP THIS BAND PROGRAM

Prof. T. B. Maulling Urges It as Substitute for Printed Ones—Tickets to Contributors Distributed.

Prof. T. B. Maulling, leader of the Fourth Regiment band, announces that if any who subscribed to the concerts for the year have not received their tickets yet they may be secured by notifying him.

He also desires that readers who intend to go to the concerts shall cut out the following program, which will be given next Sunday afternoon at 3:30 o'clock. This will save having programs printed, which is an added expense to the organization which it does not feel like incurring.

March, "Triumph of True Tones," Holmes.  
Grand selection, "Bohemian Girl," Balfe.

One-step, "Sprinkle Me With Kisses," Ball.  
A reverie, "On Wings of Love," Bendix.

Trombone solo, "The Holy City," Laurendeau—Lloyd Miles.  
Grand sacred potpourri, "Morning Light," Barnhouse.

Vocal duet, "The Little Gray Home in the West," Lohr—Misses Besse Scott and Amy Clark.

One-step, "I Want to Go to Tokio," Fischer.

## GREECE WON'T FIGHT

DEFINITE REFUSAL RECEIVED BY BRITISH GOVERNMENT.

## SAYS SERVIA TO BLAME

Began War On Bulgaria, So Greeks Not Obligated—Austria Claims Successes.

## Special to The Democrat-Forum.

London, Oct. 15.—The British government received a formal notification from Greece that King Constantine's government would not declare war on Bulgaria.

Greece states her intention of remaining neutral and not intervening in the war at all. The reason given for disregarding the treaty with Serbia is that the war is not a Balkan struggle and that Serbia made war on Bulgaria first.

## Austrians Advancing on Servia.

Vienna, Oct. 15.—It is announced that the Austrian army continues its advance into Servia. Forts southeast of Belgrade are being shelled which are defending the railways. The Servians are retreating toward the Avila mountain.

## Russian Fleet to Varna.

Geneva, Oct. 15.—A Russian fleet bombarded Varna, Bulgaria, yesterday. It is reported that four German submarines which were in the harbor there escaped.

## WALSH HEADS K. C. POST

Chairman of Federal Industrial Committee Takes Sole Charge of Policy of Paper.

Special to The Democrat-Forum.  
Kansas City, Oct. 15.—Frank Walsh, lawyer and chairman of the federal industrial relations committee, took complete charge of the editorial and business policy of the Kansas City Post here this morning. Mr. Walsh was acting as attorney for the owners.

The action is of much interest from the fact that Mr. Walsh was for years the personal attorney of W. R. Nelson, the late owner of the Kansas City Star, and of that paper. The Post has always been very bitter in its attitude toward the Star, while the latter has never even mentioned the Post in its columns.

Mr. Walsh announced that he would be sole director, but no statement as to the new policy of the paper was made.

## E. B. SHELDON UNIMPROVED.

Is Lying Critically Ill at His Home, on West Second Street.

The condition of E. B. Sheldon, who is very ill, suffering with a complication of diseases, is very serious.

Mr. Sheldon passed an unusually bad night last night, and today is in a very weakened and precarious condition.

Read Democrat-Forum want ads.

## PICK GOSPEL TEAMS

MEN'S CLUB OF BAPTIST CHURCH READY FOR EVANGELISM.

## CHANGE IN ORGANIZATION

Two Groups of Five Speakers and Five Personal Workers Replaces Five Squads of Last Year.

A complete reorganization in the methods and personnel of the gospel team work of the Baptist church was adopted at a special meeting of the Men's club last night. Two teams of five men each will replace the five teams of five men each of last year.

Each team will have five personal workers, which will make a force of ten men at each service. The men were selected by the committee with reference to their ability on the platform and in approaching men. The committee which made the recommendation was G. B. Holmes, Dr. H. S. Rowlett, Clyde Avitt, Rev. Lewis M. Hale and D. E. McDonald.

The teams are: W. M. Westbrook, captain; David Paris, Lewis White, L. T. Yowell, Dr. H. S. Rowlett, Personal workers with this team, John Kelley, G. B. Holmes, Herman Hull, B. F. Mozingo, Henderson Aley.

Second team, Ray Davis, captain; Clyde Avitt, D. E. McDonald, Ed Brewer, B. W. Lemon. Personal workers, William Everhart, Charles Hyslop, Ed Tewoh, Clyde Bliss and C. L. Gann.

The committee which will have charge of the attendance at the regular monthly meetings and banquets is: Clyde Avitt, chairman; B. W. Lemon, Ed Brewer, Charles Ross and C. L. Gann. The sale of the tickets and the lookout work for members is also a part of the work of these men.

Dr. Karl R. Malotte is again president of the club for next year. The following are the other officers: Vice president, Ed Brewer; secretary, C. L. Gann; treasurer, I. E. Tewoh.

Negotiations are in progress for giving single meetings and services of a week at several country churches. Nothing definite enough to be announced has been done yet.

## BLACHLEY ADJUDGED INSANE

Taken to St. Joseph This Morning—Complaint Was Made to County Court by Arthur Warner.

W. B. Blachley was taken to St. Joseph this morning by Deputy Sheriff Callahan to be entered in state hospital for the insane No. 2. Mr. Blachley was adjudged insane by the county court yesterday afternoon.

Complaint was made by Arthur Warner, son-in-law of Mr. Blachley.

Drs. F. M. and C. V. Martin advised the court that the man's mind was unbalanced. His insanity was not violent but took the form of thinking that some one was trying to kill him.

## BLEW LAST BUGLE CALL.

N. Sisson of Maryville Sounded the Last Hostile Call of the Great Civil War, It is Said.

The following is from a recent issue of the Washington Times:  
Past Commander Nathaniel Sisson of Sedgewick post, No. 21, of Maryville, Mo., who served as bugler in Company A, Second West Virginia cavalry, and is now aid-de-camp on the staff of the Missouri department commander and special chief bugler for the department of Missouri, sounded the last hostile bugle call at Appomattox—the order to charge.

With his civil war bugle, he was one of the interesting figures in the parade yesterday. Mr. Sisson was chief bugler for Brigadier General Henry Capehart, commanding the second cavalry brigade in General Custer's division of the federal army.

He participated in the last engagement on the morning of April 9, 1865, at Appomattox, and after sounding the order to charge he was designated to sound the call to halt the charging column on receipt by General Custer of the flag of truce. He rode with General Capehart up Pennsylvania avenue in the historic grand review, May 24, 1865.

Fall Pasture vs. Hessian Fly.  
While fall pasture will not control the Hessian fly, it does help. If the wheat was sowed early and made a good growth it is almost sure to be infested. The flaxseeds are so far down that even the closest grazing will not reach them, but it does expose them to the winter weather.

W. R. Tilson, county treasurer, was in Barnard this morning.

## GERMANY AND U. S.—FRIENDS

Von Bernstorff Says All Differences Are Settled Except Amount of Indemnity.

Special to The Democrat-Forum.  
New York, Oct. 15.—Count Von Bernstorff announced this morning that the submarine issue between the United States and Germany was completely cleared up and that no further notes will be exchanged.

An arrangement satisfactory to the two countries has been reached, he said, and the most friendly relations now exist. The only thing left is the payment of the indemnities, which will be arranged next week.

## SUBMARINE VS. DESTROYER

British U-Boat Wins Brief Duel in Baltic and Sinks German Torpedo Boat.

Special to The Democrat-Forum.  
Copenhagen, Oct. 15.—A German torpedo boat destroyer was sunk by an English submarine in the Baltic Thursday before the ship could launch a torpedo.

The engagement was very brief. The submarine was violently shelled by the destroyer, but the larger craft was struck amidships and sank quickly, while the U-boat escaped undamaged.

The destroyer was guarding the entrance to the sound between Sweden and Denmark with a cruiser and two other destroyers.

## PRETTIER THAN HER PICTURES

Mrs. McAdoo at Kansas City Says All the Family Are Very Fond of President Wilson's Fiancee.

Special to The Democrat-Forum.  
Kansas City, Oct. 15.—Secretary and Mrs. William G. McAdoo and their party arrived in Kansas City this morning at 8 o'clock. After breakfast they insisted on walking uptown from the union station.

The secretary of the treasury spent a business morning at the Federal Reserve bank and with bankers. Mrs. McAdoo went for an automobile ride over the city.

The president's daughter told friends that Mrs. Galt was even more beautiful than her pictures indicated, and that all the Wilson family were very fond of her.

## ANTHRAX SERUM SUCCESS

Physicians Say Its Use On Human Beings Combats Disease—Patient Died, However.

Special to The Democrat-Forum.  
New York, Oct. 15.—George Stackpole, an aged lawyer who was given an anti-anthrax serum treatment, died this morning. He was pronounced out of danger last night, but his heart, weakened by age and illness, could not stand the treatment.

All physicians and surgeons who saw the experiment believe that the condition of Mr. Stackpole proved that the anthrax serum can be used upon human beings to combat that disease.

It is believed that the treatment last night was successful and that death was due to weak heart.

The serum has been used for several years against anthrax in animals, but this is one of the first instances of its use upon a human. Anthrax is a splenic fever.

## Returns to Denver.

Anthony Blatter, who has been visiting his parents, Mr. and Mrs. Theodore Blatter, left this morning for his home in Denver, Col.

## ALL LONDON ANGRY

DEMANDS OF REPRISAL UPON GERMAN CITIES STRONG.

## PAPERS LEAD AGITATION

Mass Meetings Call On Government to Bombard Three Teutonic Towns For Every English.

## Special to The Democrat-Forum.

London, Oct. 15.—That the British cabinet is in greater difficulty than the public realizes over the agitation for a more vigorous policy to combat the Zeppelin raids was indicated today.

The absence of Attorney General Carson from the cabinet meeting today revived the rumors that he had resigned over friction as to the conduct of the war. Lord Milner's demand last night that the allies remove from the Dardanelles because they were already defeated caused a sensation. Today's reports show a continued offensive there, however.

London, Oct. 15.—A demand that the government make reprisals against Germany for the Zeppelin raids, one of which killed fifty-five non-combatants yesterday, is becoming very strong.

The cabinet is receiving thousands of letters daily. Prominent members of parliament and several of the papers are insisting that the English shall send ships to drop bombs upon defenseless German towns in order that they may know what it means.

A huge mass meeting last night passed a resolution demanding that three German towns be bombarded every time London is outraged. The papers are all bitter today in their attacks upon the government for not being able to ward off the invaders or to bring them down.

The total number of dead in London from air raids now totals 181 and the injured 449. The number of soldiers killed indicates that an arsenal was struck. The last raid was September 8, and as was the case at that time, the recruiting stations were crowded today with men who desired to enlist.

## MASONIC DAY AT ELMO

New Hall is Dedicated Amid Large Gathering of Members From Maryville and the County.

Masons from all over Nodaway county are gathering in Elmo today for the dedication of the new Masonic temple. A big basket dinner started the exercises at 2 o'clock. J. E. Reece, district deputy, will be one of the honored guests. W. A. Blagg, G. P. Wright and Dan R. Baker are other Maryville men who will speak.

Among the Masons who went from this city today were: W. G. Sawyers, Fred Yeomans, J. E. Bailey, F. R. Marcell, Mayor U. S. Wright, F. L. Flynt, E. E. Williams and Walter Todd.

A banquet at 6 o'clock for all the lodge members, their families and the visiting lodge members and guests will be the feature of the evening's entertainment, and this will be followed by some impromptu speeches, and later there will be lodge work exemplified.

## Visiting at Pickering.

Mrs. P. J. Lahr went to Pickering today to visit her mother, Mrs. Rosa Harmon.

### Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

Secretary McAdoo of the United States treasury, is coming west to see the country where the money comes from.

Champ Clark, in discussing the idea of a pre-primary convention to recommend candidates very sensibly, says: "I have always been in favor of a primary and mine was the first congressional district in Missouri to nominate a candidate in that way. There is, however, much complaint about the way it works, not in Missouri alone, but in other states, notably Massachusetts. But it is the only lawful manner of nominating in Missouri. Whether the proposed pre-primary convention would help matters remains to be seen. If all the candidates would agree to abide by the decision of the convention all might be well, but if all do not agree the game is not worth the candle."

### THE GRAND PRIZE FOR STUPIDITY

From the St. Louis Republic.  
If a grand prize were offered for the stupidest political proposal ever made to the "eternal gullible," it would go, without fail, to the Republican leader who is chiefly responsible for the campaign to induce men to "vote for prosperity" by voting for a protective tariff.

The only thing a protective tariff can do is to keep foreign products out of the United States. This is what these fanatics want to do. And our bankers and financiers are just now at their wits' end to devise means to keep prices up and business normal in the United States, in view of the fact that while the foreign demand for American products is greater than ever, foreign surplus production has so far fallen off on account of the war that the foreigner has nothing to send us in return, and is compelled either to pay us out of his constantly decreasing hoard of cash, or get us to give him credit. That \$500,000,000 Anglo-French war loan which we have had so much trouble to raise is simply extending credit for \$500,000,000 to England and France, when, under normal circumstances, they would have sent up goods to that amount to pay for what we sent them. We are confronted with the most serious international trade crisis in our history, and it is a crisis arising solely out of the fact that the foreigner cannot furnish, and we cannot get, the amount of foreign goods necessary to normal and natural trade.

To propose to cure business disorganization which has arisen from such a cause by imposing a protective tariff and still further reducing the amount of foreign shipments to this country is like proposing to cure suffocation by a tight band around the throat.

Today, with American bankers, merchants, manufacturers and statesmen racking their brains to prevent irreparable harm to our commerce and industry through the collapse of values which threatens because our customers overseas haven't anything to trade us for what they want, a set of political leaders who propose to lead us "back to prosperity" by making it still harder for foreign goods to be sent to us to pay what the moneyless foreigner owes us ought to be examined for softening of the brain.

Letter to Mr. James Kegin,  
Maryville, Mo.

Dear Sir: Here's something every painter and builder ought to know. Mr. J. J. Hall, Sheffield, Pa., painted two houses, 5 years ago, lead-and-oil; took 40 gallons. Last year he painted Devoe; bought 40 gallons; had 10 left. He is one of thousands. The knowledge is getting about pretty generally that Devoe goes further than anything else.

Have you found it out in your own experience?

How much further?

Suppose a job amounts to 10,000 square feet; how much less Devoe could you buy?

Is it as easy to paint? Does it cost any more or less to put on by the gallon than anything else? How much?

If it costs no more to put on Devoe by the gallon, it costs less by the foot, you know; for the gallon does more feet. How much less, do you find it, for wages?

Lasts, say, twice as long; that is the owner's gain; but perhaps you reckon it yours; some do. The time, when that comes in, is when he gives out the next job.

Who gets it? Yours truly,  
F. W. DEVOE & CO.,  
New York, Chicago and Kansas City.  
P. S.—Koch's Pharmacy sells our paint.

### HERRICK AGAINST RURAL CREDIT

Former Ohio Governor Attacks Laws As Paternalistic.

Special to The Democrat-Forum.  
Joliet, Ill., Oct. 15.—"Paternalism of a ranker sort than practised by any European nation, except for lowest peasants, is now being proposed generally for American farmers," Ex-Governor Myron T. Herrick of Ohio, told the Illinois Bankers Association here this afternoon.

He said the rural credit movement had gone wild, correct principles in mortgaging have been ignored, cheap money, through government intervention and despite market conditions, has become the war cry of the farmer's friend and "unless bankers and business men awake, to action, the movement will inevitably be guided by Socialists directly into the hands of government."

### TREATMENT OF GRAY HAIR

Above All Things, It Should Never Be Dyed—May Easily Be Made Beautiful Adornment.

Don't dye gray hair. It is a never-ending, messy job to keep it touched up, for most hair grows about an inch a month; and worse, or best of all, the deception rarely deceives anyone. The lines that care and experience and thought have written into every mature face require the softening effect of the silver tones above it. Dyed hair has a hardening effect on some faces, and to others it gives an almost cruel look.

But once having accepted gray hair, make of it your greatest beauty. It must be kept spotlessly clean, washed often. Use only the best and purest liquid soap, as free from alkali as possible, and treat it as the laundress does her fine linen. Put it through many rinsings to get rid of every particle of soap, the last one being quite cool and deep blue with indigo. Let the hair rest in this for a few minutes, moving it about in the bath so as to absorb as much of the bluing as possible, and then dry it thoroughly with warm towels and vigorous rubbing. The bluing serves to soften the dulled, lifeless look which always results from washing gray hair and gives uniformity of shading. Streaked locks in gray hair are its worst feature, and especially is this true of blond gray hair.

Rub the scalp then with white vaseline, taking care not to let it get upon the hair, and brush it—brush it vigorously night and morning to give it the silvery gleaming that is so beautiful in well-kept gray hair.

#### Frock for Girls.

For little girls there is no more popular or becoming style than the plaited tunic frock with smart little raglan sleeves, the flat kilts held to the figure at the waist by a fairly wide black patent belt, while practicability as well as a dainty finish has been studied in the adjustment of the white pique collar and cuffs, so disposed they can easily be removed for washing purposes.

#### For Egg-Stained Silver.

Egg stains can be removed from silver by applying dry salt with a soft cloth.

### NEWS REPORTER KILLED

Militia Called Out to Stop Riots Over Election at Charleston, S. C., Today.

Special to The Democrat-Forum.

Charleston, S. C., Oct. 15.—Sidney Cohn, a newspaper reporter, is dead, W. Wilansky is fatally wounded and three others are seriously hurt as the result of trouble which arose over the mayoralty election Monday.

It is not known how the trouble started, but the claim was that thousands of votes were unlawfully counted. The shooting took place in the committee rooms of the Democratic party.

The fights which started at noon today became so fierce that the police were unable to cope with the situation and the militia were called out.

### PREPAREDNESS MEN MEET

Tri-Cities Host of Men Who Would Convince West of Need for Defense.

Special to The Democrat-Forum.

Davenport, Ia., Oct. 15.—Delegates from nine states—Iowa, Illinois, Missouri, Minnesota, Wisconsin, Kansas and North and South Dakota—gathered here today for the Mid-West Conference on Preparedness financed by the "tri-cities" of Davenport, Rock Island and Moline.

The special object of the two-day convention is to bring before the people of the Middle West, who are far from the danger of foreign invasion, the need of an adequate army and navy.

The promoters of the conference believe they can show the citizens of this section, which has had a record of reducing opponents of military measures, that the cause of national preparedness for defense is their cause as well as the cause of New England, the Middle Atlantic States and the Pacific coast.

The commercial organizations of Davenport, Rock Island, Moline, East Moline and Bettendorf have raised a fund from which all expense of members of congress attending the conference will be defrayed.

At Rock Island is the large government arsenal, covering 30 acres and representing an investment of \$13,000,000. The local speakers will show the importance of this inland arsenal, which could not be captured in the early days of a foreign invasion.

#### Don Davis Home.

Don Davis has returned from a vacation trip spent at Sioux City, Ia., with his cousins, Mr. and Mrs. Fred Davis, and at Alford, Ia., with his brother, George Davis. With a party which included his brother, Mr. Davis motored from Alford to Minneapolis, where they met Mrs. George Davis, who was returning from a visit in Canada.

### USE "CASCARETS" FOR LIVER AND BOWELS WHEN CONSTIPATED

When Billious, Headachy, Sick for Sour Stomach, Bad Breath, Bad Colds.

Get a 10-cent box.

Take a Cascaret tonight to cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, a bad cold, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.

### "WHY, ISN'T SHE GOOD!"

That's What You'll Be Saying at the Fern Next Week of Home Reel.

The chance to see your neighbor's daughter not only appearing but acting in a real moving picture drama will be given at the Fern the first three nights of next week, when "The Man at the Throttle" will be shown.

Miss Ethel M. Wells will be the "Mary Pickford" of the reel, supported by A. J. Lappold, W. Edison Blagg, Frank Schumacher, Miss Besse Scott and Miss Ola Smith. And they do say that the church wedding under the direction of Mrs. Will Wallis at the First Christian church will be worth seeing if there were nothing else in the film.

### Three Marriage Licenses.

William Akin and Miss Mary E. Searcy of Hopkins; William T. Moore of Clearmont, and Mrs. Leland Thornburg of Bradyville; W. Thomas Rainey and Miss Gladys Freeman of Clyde, were given marriage licenses today. Mr. Moore and Mrs. Thornburg were married by Probate Judge Conn in his office this morning.

### You Cannot Blot Out The Fact

That merit wins in the end always. You know from your own experience that sooner or later, you prefer to trade where the merchandise is most worthy. Carry out that idea in the purchase of real estate by coming here. You will find your first trial so satisfactory that you'll always come here for advice in regard to real estate matters.

#### BIGGEST SHIP'S KEEL LAID.

California Will Cost \$5,000,000 More Than Any Other.

Special to The Democrat-Forum.  
New York, Oct. 15.—In the presence of Secretary of the Navy Josephus Daniels, and a big crowd, the keel of the California, the largest and mightiest battleship in the world and the first one to be driven by electricity, was laid here yesterday.

Secretary Daniels and other navy officials praised the American naval engineers who have made the electrically driven battleship possible. This system has been equipped after a notable showing by the collier Jupiter, the first large ship to be so equipped.

The California will cost \$5,000,000 more than any other battleship ever built anywhere, and will take three years to complete.

#### Moving to Kirksville.

#### FUELLESS ENGINE QUEST ENDS AT 93

Called by Death After Working  
on It Seventy Years.

TAKES SECRET TO GRAVE.

Before Dying Would Be Inventor of Minneapolis Destroyed All Charts or Mechanical Contrivances He Had Made In Search For Perpetual Motion Machine.

Minneapolis, Minn.—When John Laney, ninety-three years old, was laid to rest in Crystal Lake cemetery a seventy year quest for the secret of "perpetual motion" came to a fruitless end.

So close did he think himself to the secret at times that he trembled with expectancy. For seventy years, despite his disappointments, his mind aflame with ambition, Laney worked, thinking, experimenting.

Meanwhile this man, a Scotchman by birth and a stonemason by trade, whose only relaxation was reading the works of Bacon, Shakespeare, Coleridge and Wordsworth, smashed and destroyed contrivance after contrivance when it failed. Then with intensified energy he concentrated on a new idea.

"It almost worked."  
These three words tell the life story of a man gifted in some ways beyond his fellow men. John Laney wanted his name to go down in history, but always when he fancied he was at the very edge of accomplishment it was only to find the something missing in a contrivance that "almost worked."

"When I was just a little girl father used to have the kitchen table cleared for him when supper was over," said Mrs. Lizzie Welton, at whose home the aged man spent his last days. "He had a groove in the table and a round stone ball that he made himself. He would roll this round and round, and often mother would have to get up late at night and beg him to stop and rest."

"Father had a good education, mostly self acquired. He loved the poets, and he wrote several songs, one for the St. George guards of St. George, New Brunswick, where we once lived. He was a sculptor also."

Outside the steps of the cosy cottage where Mrs. Welton lives are two pieces of granite. One has on it figures of Hawaii and Minnesota; the other has on it a bear and two cubs. Inside the house, highly treasured, is a chain five feet long, with many links and an anchor at the end, that was cut out with a jackknife from a solid piece of wood. Many small mementoes remain.

But before he died John Laney destroyed all charts or mechanical contrivances he had made in his search for perpetual motion. One day he said to his daughter:

"Perpetual motion will yet be found. There is no doubt of it. When it is found the world will be astonished not alone by the stupendous changes that it will bring in all industrial life, but by the simplicity of it. Millions will wonder why no one ever thought of it before."

"I am an old man," he would often say. "I saw the coming of the railroads, the telegraph, the automobile and the more wonderful things of later years. I predicted back in 1850 that the world would one day see the horseshoe wagon, and it is here. Ah, if I could only just get the one little missing link!"

"IT COULDN'T BE DONE."  
Somebody said that it couldn't be done. But he, with a chuckle, replied: That "maybe it couldn't," but he would be one  
Who wouldn't say so till he'd tried.

So he buckled right in, with a trace of a grin  
On his face. If he worried, he hid it. He started to sing as he tackled the thing  
That couldn't be done, and he did it.

Somebody scoffed: "Oh, you'll never do that;  
At least no one ever has done it." But he took off his coat and he took off his hat,  
And the first thing we knew he'd begun it.

With the lift of his chin, and a bit of a grin,  
Without any doubting or quiddit; He started to sing as he tackled the thing  
That couldn't be done, and he did it.  
—Edward A. Guest.

#### Librarian Not to Attend.

Miss Grace Langan, librarian of the Maryville library, will not attend the meeting of the Librarians of Missouri at Joplin, Webb City and Carthage next week. She expects to make a visit to St. Louis instead. This will be only the second state meeting which Miss Langan has been unable to attend since becoming librarian here.

#### Carthage Guest Leaves.

Mrs. Margaret Whedbee of Carthage, Mo., who has been visiting Mrs. John Bantz, left this morning for Clarinda, Ia., where she will spend a few weeks visiting before returning to her home.

#### GINGER CAKES AND COOKIES.

Who is there who does not enjoy a square of fresh, spicy, soft gingerbread or a crisp, snappy cookie?

Hot Water Gingerbread.—This is a recipe which might be called "Never Fails," for it is the most satisfactory one of many different combinations tried.

Take a cupful of sugar, one cupful of dark molasses, a half cupful of shortening, melted; one egg, three cupfuls of flour, a tablespoonful of ginger, a teaspoonful of soda, dissolved in a cupful of boiling water added the last thing. Salt should be added if lard is used. Bake in a large dripping pan forty minutes in a moderate oven.

Sour Milk Gingerbread.—Take two eggs, a cupful of molasses, a half cupful of sugar, one cupful of sour milk or cream, two tablespoonfuls of melted butter, one-half cupful of currants, one teaspoonful of spices, one teaspoonful of ginger, half a teaspoonful of salt, and 2½ cupfuls of flour. Mix the soda and sour milk, add to the molasses, sift the remaining dry ingredients and combine mixtures; add the butter and beat vigorously. Bake 25 minutes in a moderate oven.

Molasses Layer Cake.—Take two cupfuls of flour, one cupful of molasses, half a cupful of sour milk, one teaspoonful of soda, dissolved in a tablespoonful of water; one-half teaspoonful of salt and two tablespoonfuls of butter. Bake in two layers and put together with chocolate filling.

Ginger Cookies.—Take two cupfuls of molasses, one teaspoonful of soda, three eggs, one cupful of lard, and a tablespoonful of ginger. Mix all the ingredients, adding the eggs last. Use enough flour to roll out very thin and bake in a hot oven.

Ginger Drop Cookies.—Take a cupful of sugar, two-thirds of a cupful of lard or shortening, mix well; add 1-3 cupfuls of molasses, one cupful of hot water and a teaspoonful of soda dissolved in it, a teaspoonful of ginger and salt as needed; mix with four cupfuls of flour and drop from a teaspoon on buttered baking sheets. Add more flour or increase the heat if the cakes spread in baking.

#### SOCIETY and CLUBLAND

By KATE SCHENCK  
PHONES—OFFICE 42 HOME 683

#### To Give Social.

The young women of St. Mary's Catholic church will give a social Tuesday night of next week in the church hall. Table games will furnish amusement for the evening and a supper will follow.

#### W. R. C. to Meet.

The regular meeting of the Women's Relief Corps will be held at 2:30 o'clock Saturday afternoon in their hall. A full attendance is desired as there is some important business to transact.

#### Meeting Postponed.

The Arts and Crafts department of the Twentieth Century club will postpone its meeting which was to have been held Monday until Monday afternoon, October 25. It will then be held at the home of Mrs. Westbrook, on West First street. The postponement is made because the materials to be used have not yet arrived.

#### Lawn Dinner.

A lawn dinner was given Sunday at the home of Mr. and Mrs. Guy D. Alecy. Those in the party were Misses Lucile and Lois Wiley, Miss Helen Davis, Miss Mabel Patterson, Miss Maud Helpley, Miss Alta Doyle, Miss Lavisa Swinford, Robert Patterson, Walter Wilson, Arthur Wilson, Dean Partridge, Ralph Alecy, Spencer Vulgamott, Ralph Gray, Sam and Virgil Vulgamott.

#### Birthday Party.

In honor of the eighteenth anniversary of their son, Ralph, Mr. and Mrs. George Alecy, entertained a number of friends at their country home Saturday night. In entertaining their guests the hosts were assisted by Mrs. Guy Alecy and Miss Sadie Alecy. Those present were Misses Genie Alecy, Gladys Owen, Marie Davenport, Alta Doyle, Agnes Bickett, Mabel Anderson, Sadie Alecy and May Sheridan, Messrs. Virgil Vulgamott, Bernard Bickett, Ernest Lattin, Henderson Alecy, Ralph Alecy, Howard Anderson, Guy Lincoln, Mr. and Mrs. Guy Alecy and Mr. and Mrs. George Alecy.

#### Pound Party.

The Rev. R. C. Holliday, pastor of the Buchanan Street Methodist church and Mrs. Holliday, were the recipients of a jolly surprise last night which took the form of an old fashioned pound party attended by about forty members of the congregation. Each brought a pound of something fine to eat and the fullness of the Holliday larder will keep them remembering the night for some time to come. The evening was spent socially and those in the party were Mrs. M. E. Farrar, Mr. and Mrs. Raymond Barry, Mrs. J. C. Amerine, Mr. and Mrs. E. W. Heide-man, Mrs. Wellington Dusenberry, Mr. and Mrs. M. A. Peery, Mr. and Mrs. J. H. Thorp, Mr. and Mrs. M. L. Hopper, Mr. and Mrs. E. E. Tilton, Mr. and Mrs. L. P. Colvin, Mr. and Mrs. J. S. Muntz, Mrs. J. W. Armstrong, A. T. Stinson, Mr. and Mrs. James Devore, Mrs. Clara Trewitt, Mrs. Callista Dawson, Miss Eva Dawson, Mr. and Mrs. Ed T. Dale, Miss Nina Evans, Mrs. J. McDonald, Mrs. John R. Evans, Mrs. Cora Fowler, Miss Ethel Hasty, Mrs. Frank Stone and Mrs. N. F. Humber.

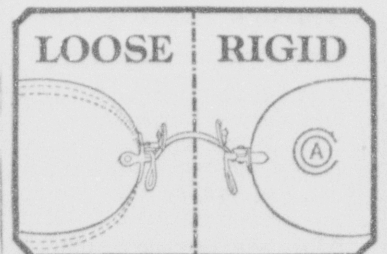

#### Big Wolf Chase.

Merl Cox, John Bordner, Glen Jeffers and a sport from Maryville are planning for a big wolf chase soon. A wolf with seven young ones has been seen along the 102 north of the Iowa line, and the chase is made to capture

#### Treat Children's Colds Externally

### CHILDREN'S CLUBS GROW

Agricultural Boys' and Girls' Societies  
Now Enroll 151,000 in Thirty-  
Three States.

### PARENTS GREATLY BENEFITED.

Special to The Democrat-Forum.  
Washington, Oct. 15.—There has been an increase of more than 41,000 in the membership of the various boys' and girls' agricultural clubs conducted by the State Agricultural Colleges and the Department of Agriculture in the northern and western states. At the close of the fiscal year ending June 30, 1914, there were 110,977 members in the various club projects in the 33 states covered by this work. At the close of the present fiscal year, June 30, 1915, the membership was 151,194, exclusive of the enrollment in the another-daughter canning clubs.

This work is being carried on co-operatively in 26 of the 33 states in the northern, central, and western territory by the Department of Agriculture and the extension departments

of the state colleges of agriculture. In practically every state short courses for boys and girls and special demonstration schools have been held at the colleges and in the field. During the past year 1,537 club members attended the mid-winter courses at the colleges, 868 of these having their expenses paid by local contributions as a recognition of their achievements in club work. Of the 38 club members who, as champions in their states, districts, or counties for 1914, have become recognized as National All-Star Club members, 31 are now attending high schools, agricultural, or other colleges, 3 of the remaining 7 have already graduated from high school, and 1 will go to an agricultural college this fall.

Experience has shown that the work in the boys' and girls' clubs can be carried on with even greater success without the aid of large cash prizes and awards. The net profits from the work itself have been found to be the best possible incentive. The members have their attention directed to problems of farm and home management, crop rotation, soil building, etc., and in practically every state in which the

work is being carried on a large number of club members are now working out three and four-year rotations of crops. The profits which they derive from club work they are spending on getting an education, or for purchase of pure bred stock and labor-saving machinery. Many are even buying land and thus acquiring an invaluable sense of dignity and independence.

In the canning work, 338 public demonstrations were held during the year, with a total attendance of 118,367. These demonstrations were held primarily for the club members, but parents were always invited and, as a matter of fact, more than half of those present were grown men and women. One of the great advantages of this club work, indeed, is the fact that it serves to stimulate the parents as well as the children.

### HOPKINS TO COME.

Will Be Represented at the Alice Nielsen Concert—Maryville Should Be Congratulated.

The Hopkins Journal of this week had the following:

The Maryville Lyceum association has secured Alice Nielsen, the great prima donna, for the opening number, and the famous singer will appear there Tuesday night, October 26. Heretofore it has been necessary for music lovers in this county to go to St. Joseph or Kansas City in order to hear the great operatic stars, so Maryville, always up to snuff, has decided to bring the brightest of the stars into our own county, believing that the people will appreciate the step by turning out to hear Miss Nielsen, one of the greatest musical celebrities now appearing in public. Hopkins is interested in this number, and if the evening is nice this town will be well represented. We congratulate Maryville on bringing such an opportunity practically to our door. It is a big venture and the response on the part of the people of the county will decide whether similar ventures will be taken hereafter. Now is the time to show your colors.

Good high grade Illinois lump or egg coal, \$4.50 per ton. Wm. Everhart. 11-16\*

## DUROCS FOR SALE

If you are looking for a full blooded Duroc-Jersey male spring pig, one with plenty of bone, stretch, size and quality, I have it yes, several of them. They are top notchers, big, smooth fellows with good hams and back, as thick at one end as the other.

### BREWERS TO REFORM BARS

President of Malt Liquor Men Says  
Public Resentment Against Saloon Merited.

Special to The Democrat-Forum.  
Springfield, Mass., Oct. 15.—Over 600 delegates, representing 1,000 brewing plants, which produce over 75 per cent of the malt liquors in the United States attended the fifty-fifth annual convention of the United States Brewers' Association, which met in open session at the Hotel Kimball here today.

Unusual interest attached to the meeting of the brewers this year, owing to the wide-spread discussion of prohibition in this country and to the action of European government on the question of alcohol due to the war.

In his address President Edward A. Schmidt declared that the Association had at last come to very definite conclusions in regard to the so-called saloon problem. He indicated that the brewers were in entire sympathy with the views held by many temperance advocates that the saloon, as it has existed in this country in the past, has frequently been the subject of just criticism and that radical reforms might be expected.

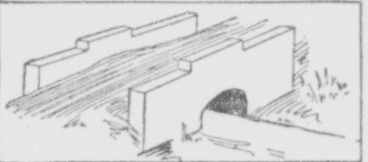

### CONCRETE CULVERT IS BEST

Flat-Top Style Being Built in Kansas  
Is Shown in Illustration—Good Roads Save Money.

Had we begun not more than fifteen years ago to build concrete culverts and bridges in this township, and continued at the rate we have been building them the last three years, we would now have no place to put another one. Besides our expenses would not have been much more than they have been in building the wooden ones, writes J. T. King, trustee of Lincoln township, Lebo, Kan., in Farmers' Mail and Breeze. We began with the full-arch style of concrete culverts. That was before we knew the good of the flat-top kind. We now use the full arch only where there are high banks on both sides, so we can grade up to the top of the arch and make the road level. For all other places we prefer the flat top. We build them from 2 by 16 feet, to 20 by 16 feet.

All concrete work must be well reinforced with iron wire. We use any kind of bar iron in the tops, laid hit and miss lengthwise with the road. Heavy woven hog wire is laid crosswise of the top and in the wings, intermingled, so as to unite the whole culvert into one piece. The tops have

Flat-Top Style of Culvert an Approved Type.

a crowning of eight inches and are made 8 to 16 inches thick in the center, the thickness varying with the width. The forms are placed so the tops and abutments are all in one piece. The bars or rods must be chaped so as to be partly embedded in the abutment walls.

We have just finished four culverts 12 by 16 feet, made after the plan of the illustration, at a cost of \$150. This may seem to be quite a price, yet if they last as we expect them to, they will be cheap in the long run. We use a lot of iron, any length, in these tops. We get them cheap from junk dealers.

This good roads move is a money saver to the people. More has been done to improve our highways in the last five years than in any 15 years before.

### TEACH GOOD ROAD BUILDING

One Sentence in Discussion of Concrete Construction Worthy of Being Printed in Big Type.

(By E. B. HOUSE, Colorado Agricultural College.)

In the engineering record of recent issue is an interesting article concerning a meeting for the purpose of instruction to road builders, by experts in that line of work.

Speaking of the meeting the Record comments as follows: "One sentence in the discussion of concrete road building would have been worth putting in black type. It is this: 'You cannot design a concrete pavement four miles long and assume that you can use the same cross-section throughout; you will have to design it the same as foundations for a building, depending on the bearing power of the soil, etc.'"

This is undoubtedly true, and yet it states a fact that is almost universally disregarded.

### YOU CAN'T FIND ANY DANDRUFF, AND HAIR STOPS COMING OUT

Save Your Hair. Make It Thick,  
Wavy, Glossy and Beautiful  
at Once.

Try as you will, after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A 25-cent bottle will double the beauty of your hair.

### CARING FOR THE RAM

Head of Average Farm Flock Receives Little Attention.

Should Be Given Every Opportunity to  
Keep Strong and Healthy Before  
Breeding Season Begins—Give  
Abundance of Water.

Usually, the ram which heads the average farm flock receives very little care from the time he is turned out to pasture in the spring until the advent of the breeding season in the fall. Then, about the only thing which is done is to turn him in with the ewes and allow mating to occur at random. Perhaps this is the sort of care and management which results in many barren ewes and weak lambs.

The mating season is naturally one of severe strain on the ram and he should be given every possible opportunity to keep strong and healthy. This means that he ought to have the proper kind of care, even before the breeding season begins. Of course, if the pasture is plentiful, there is not any need of feeding anything else during the early part of the grazing season. However, as the hot weather comes and the grass becomes less abundant and less succulent, it may be advisable to feed other roughage or perhaps a little grain.

Especially during the month just preceding the mating season should the ram get the best of feed and care, for experience has shown that the ram

First Prize Winner Hampshire Ram, which is gaining in condition at the opening of the breeding season will get more and stronger lambs than the ram which is in poor flesh. Oats is one of the best grains for use at this time.

In addition to providing plenty of pasture, and a small amount of grain during the late summer, the ram should have an abundance of water. The usual practice in pasturing the ram during the summer months is to place him in a small paddock or orchard, where there is no natural water supply. Under such conditions it is necessary to supply water by artificial means. And when the water is supplied a little salt may be given once each week.

## Orchard Information

### CULTIVATION IN AN ORCHARD

Some Sort of Straw Mulch Will Act as  
Protection From Heaving Caused  
by Frost and Thaw.

(By R. B. HOWE, Colorado Experiment Station.)

There are two main reasons for cultivating—to make plant food available and to conserve moisture. In cultivating, the soil particles are broken up and the root hairs passing in among the small particles take up plant food from the soil water. The plant food goes into solution in the soil water as the rock and particles in the soil decompose. More often we cultivate to kill the weeds, but really to conserve moisture. After each rain the soil is packed down to some extent, and this crust, which forms upon the surface with the drying of the soil, will draw water from the subsoil to the surface by capillarity. When we cultivate this surface crust is broken up and the water does not as readily escape from the sub-surface to the air, and is held for use by the plant. The fruit crop requires a great deal of water to mature fruits of good size. In dry seasons the size of the summer fruits is liable to be small on account of the insufficient water supply. Where the fruit garden is a small plot of ground sufficient to supply the table with fruit it is difficult to take time to cultivate the strawberries and blackberries, and for this reason the use of some sort of a straw mulch will be best to help retain the moisture in the soil for the plants. The mulch is plowed under after the crop has been taken off and a new mulch applied in the fall after the ground is well frozen, when it will also act as a protection from the heaving caused by the frosts and thaws.

### HOW TO PREPARE BORDEAUX

A Few Suggestions in Regard to Its  
Proper Mixing—Formula Most in  
Use at Present Time.

As bordeaux is probably the most used fungicide at present, a few suggestions in regard to its proper mixing will not be out of place. The formula most in use at present is four pounds of copper sulphate (blue vitriol) four pounds of good lime and 50 gallons of water. The granulated form of copper sulphate should be used, and only well-burned lime which is not air slaked should be used. Be sure to use lime enough. If lime is poor or if there is any fear of bordeaux injury to the fruit add another pound of lime.

The lime and copper sulphate should be prepared in different receptacles, preferably half barrels. The copper sulphate should be held in a sack at the top of the half barrel and allowed to dissolve. Never put the copper sulphate in the bottom of the barrel. When slaking the lime add the water a little at a time so as not to kill the heat from the lime. When the slaking is completed and when the copper sulphate is all dissolved and both mixtures have been brought up to 25 gallons, they may be put together after a thorough mixing. Be sure to pour the copper sulphate into the lime, which has previously been put into a mixing barrel or the spray pump. Do not pour the lime into the copper sulphate, as the mixture obtained is not good bordeaux and will oftentimes do injury instead of being beneficial.

If Your Hair is Falling Out  
we know of no better remedy than
